## **Comporting Roadwise:**

*Nothing Feels Good* Andy Greenwald, 2003 While pundits bemoan the death of the music industry and decry teenagers for their morals earnest heartfelt bands like Dashboard Confessional Jimmy Eat World and Thursday are quietly selling hundreds of thousands of albums through dedication relentless touring and respect for their fans This relationship between young people and the empathetic music that sets them off down a road of self discovery and self definition is emo a much maligned misunderstood term that has existed for nearly two decades but has flourished only recently Here Andy Greenwald makes the case for emo as more than a genre it s an essential rite of teenagehood From the 80s to the 00s from the basement to the stadium and from the diary to the computer screen he narrates the story of emo from the inside out and explores the way this movement is taking shape in real time and with real hearts on the line From publisher description
