

Changing Democratic Citizenship

Abstract Territorial approaches to democratic politics can help gain a better understanding of the rise of Western nation-building in the nineteenth and twentieth centuries, which has long been studied separately from the history of the modern state and democracy. This chapter demonstrates how a territorial approach to politics can facilitate a discussion of the concepts of population, people and citizenship in an era of global migration.

Keywords Citizenship · People · Human rights · Migration · Exclusionary politics

According to the 1948 Universal Declaration of Human Rights, contemporary democracies should be based on the principle that every human being is equal in terms of rights and duties, regardless of their origin and residence. However, in many respects, the reality does not correspond to this principle. This is not only because of the inequalities of rights and resources among those who live permanently within current national states but also because there are inequalities in social and political rights between long- and short-term residents. The tension between democratic citizenship as a norm and its application in territorial states raises a series of relevant questions that political sociology has partially
