Frank O'Connor Jim McKeon, 1998 Frank O'Connor's enormous literary success is all the more remarkable given that he was born and brought up in the slums of Cork his childhood marked by poverty and illness In 1928 he set off for the excitement of Dublin where he became great friends with W B Yeats Lady Gregory and George Russell After the success of his first book *Guests of a Nation* O'Connor was unstoppable As well as writing plays short stories criticism and poetry he became the director of the legendary Abbey Theatre He continued to write even when illness forced him to give up all else Much of what he wrote however was banned due to Irish censorship laws and so he decided to broaden his horizons in America There his success was huge but short lived illness forced his return to Ireland for good where he died in 1966 Today more than three decades after his death Frank O'Connor's works are as popular as ever Jim McKeon's thoughtful portrait will surely be welcomed by all admirers

A Reader's Companion to the Short Story in English Erin Fallon, Rick Feddersen, James Kurtzleben, Maurice A. Lee, Susan Rochette-Crawley, 2000-12-30 While the short story has existed in various forms for centuries it has particularly flourished during the last hundred years and especially in recent decades Though many outstanding novels have been written in the 20th century most of these writers have also published short fiction And in many cases their short stories exhibit a greater degree of coherence and integrity than their longer works The rise of creative writing programs in the 1960s helped fuel the growth of the short story and brought academic attention to it So too the emergence of multiculturalism encouraged authors of diverse backgrounds to write about their cultures This reference is a guide to the contemporary English language short story Included are alphabetically arranged entries for roughly 50 English language short story writers from around the world such as Chinua Achebe John Barth Jamaica Kincaid Salman Rushdie and Amy Tan More than half the American writers profiled are from historically marginalized groups such as Jewish Americans

African Americans and Asian Americans Most of these authors have been active since 1960 and they reflect a wide range of experiences and perspectives in their works Each entry is written by an expert contributor and includes biographical material a brief review of existing criticism a lengthier analysis of specific works and a selected bibliography of primary and secondary sources The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory

A Cognitive Approach to Ernest Hemingway's Short Fiction Gabriela Tucan,2021-04-09 How do readers make sense of Hemingway s short stories How is it possible that the camera like quality of his narrative can appeal to our senses and arouse our emotions How does it capture us With reserved narrators and protagonists engaged in laconic dialogs his texts do not seem to say much This book consciously revisits our responses to the Hemingway story a belated response to his invitation to discover what lies beneath the surface of his iceberg What this pioneering critical endeavor seeks to understand is the thinking required in reading Hemingway s short fiction It proposes a cognitively informed model of reading which questions the resources of the reader s imaginative powers The cognitive demonstrations here are designed to have potentially larger implications for the short story s general mode of knowing Drawing from both cognitively oriented poetics and narratology in equal measure this book explains what structures

our interaction with literary texts **Hungry Words** George Cusack, Sarah Judith Goss, 2006 *Hungry Words* re-evaluates the authors and texts generally recognised as the canon of Irish literature in the light of newly identified famine discourse. Each essay focuses on the ways Irish authors with varying claims to canonical status affect and are affected by the literary discourse which emerged from the Great Famine. The anthology further illuminates not only the cultural impact of the famine but the nature of the canon itself and the ideologies used to determine which authors and texts best represent Ireland's cultural identity. Although the Famine and its cultural aftermath in particular have become increasingly popular subjects of scholarly inquiry in the past few years, most studies of Famine literature have focused exclusively on works, authors, and cultural experiences outside the Irish literary mainstream. This oversight has perpetuated the longstanding myth that Irish authors and Irish culture have for the most part deliberately avoided engagements with the Famine. *Hungry Words* will seek to dispel this myth by tracing the Famine's influence on the works of mainstream authors from throughout the nineteenth and twentieth centuries. Through this approach, the book will demonstrate that far from being ignored, the legacy of the Famine has been felt, explored, and transformed by each generation of Irish authors since the 1840s. Furthermore, by focusing on authors with differing claims to canonical status, the anthology as a whole will cast a critical eye on the ideologies of the Irish canon over the last 160 years.
