How to Win Eva Wong,2020-06-02 Potent advice on how to think and act strategically in business politics and relationships drawn from classic Chinese military and political expertise. The ancient strategies of war and politics have much to offer us in navigating the complicated challenges we face today and to help us wisely and effectively meet our business political and relational goals. Here eminent Chinese scholar and Taoist teacher Eva Wong unpacks the wisdom of The Thirty Six Strategies a collection of advice encoded in sayings steeped in Chinese history and culture. She explores strategies attributed to renowned military philosophers such as Sun Tzu and Zhuge Liang aka The Sleeping Dragon along with other less known advisors that were implemented during three of the most chaotic eras of Chinese history the Spring and Autumn Period the Warring States Period and the Three Kingdoms. Covering three categories of strategy proactive reactive and desperate Wong expertly connects the words of ancient military philosophers with timeless advice as useful today as it was in the Tang dynasty 618-906 when this collection was originally gathered. In Chinese military philosophy and political theory the thirty six strategies are considered yin or shadow in nature meaning that they operate best in darkness and concealment. As Wong writes Desperate times call for desperate measures and since the thirty six strategies rose out of times of war and conflict it is inevitable that they were used to win wars triumph over opponents take advantage of situations and survive when defeat is imminent.
