A Grammar Of Comanche

Jean Ormsbee Charney

A Grammar Of Comanche:

A Grammar of Comanche Jean Ormsbee Charney,1993-01-01 This text briefly discusses those aspects of the Comanche it will be of greatest interest to a reader who has little or no background in the Numic languages **Comanche Dictionary and Grammar** Lila Wistrand Robinson,James Armagost,1990 Presents the Comanche English dictionary with illustrative sentences a brief grammar photographs and original art Comanches and Germans on the Texas Frontier Daniel J. Gelo,Christopher J. Wickham,2018-01-02 Winner 2018 Presidio La Bahia Award sponsored by the Sons of the Republic of Texas In 1851 an article appeared in a German journal Geographisches Jahrbuch Geographic Yearbook that sought to establish definitive connections using language observations among the Comanches Shoshones and Apaches Heinrich Berghaus s study was based on lexical data gathered by a young German settler in Texas Emil Kriewitz and included a groundbreaking list of Comanche words and their German translations Berghaus also offered Kriewitz s cultural notes on the Comanches a discussion of the existing literature on the three tribes and an original map of Comanche hunting grounds Perhaps because it was published only in German the existence of Berghaus s study has been all but unknown to North American scholars even though it offers valuable insights into Native American languages toponyms ethnonyms hydronyms and cultural anthropology It was also a significant document revealing the history of German Comanche relations in Texas Daniel J Gelo and Christopher J Wickham now make available for the first time a reliable English translation of this important nineteenth century document In addition to making the article accessible to English speakers they also place Berghaus s work into historical context and provide detailed commentary on its value for anthropologists and historians who study German settlement in Texas Comanches and Germans on the Texas Frontier will make significant contributions to multiple disciplines opening a new lens onto Native American ethnography and ethnology The Comanche Code Talkers of World War II William C. Meadows,2009-03-06 The true story of the US Army s Comanche Code Talkers from their recruitment and training to active duty in World War II and postwar life Among the allied troops that came ashore in Normandy on D Day June 6 1944 were thirteen Comanches in the 4th Infantry Division 4th Signal Company Under German fire they laid communications lines and began sending messages in a form never before heard in Europe coded Comanche For the rest of World War II the Comanche Code Talkers played a vital role in transmitting orders and messages in a code that was never broken by the Germans This book tells the full story of the Comanche Code Talkers for the first time Drawing on interviews with all surviving members of the unit their original training officer and fellow soldiers as well as military records and news accounts William C Meadows follows the group from their recruitment and training to their active duty in World War II and on through their postwar lives up to the present He also provides the first comparison of Native American code talking programs comparing the Comanche Code Talkers with their better known Navajo counterparts in the Pacific and with other Native Americans who used their languages coded or not for secret communication Meadows sets this history in a larger

discussion of the development of Native American code talking in World Wars I and II identifying two distinct forms of Native American code talking examining the attitudes of the American military toward Native American code talkers and assessing the complex cultural factors that led Comanche and other Native Americans to serve their country in this way Of all the books on Native American service in the U S armed forces this is the best Readers will find the story of the Comanche Code Talkers compelling humorous thought provoking and inspiring Tom Holm author of Strong Hearts Wounded Souls Native American Veterans of the Vietnam War

Uto-Aztecan Eugene H. Casad, Thomas L. Willett, 2000 Language Contact and Change in Mesoamerica and Beyond Karen Dakin, Claudia Parodi, Natalie Operstein, 2017-06-30 Language contact phenomena in Mesoamerica and adjacent regions present an exciting field for research that has the potential to significantly contribute to our understanding of language contact and the role that it plays in language change This volume presents and analyzes fresh empirical data from living and or extinct Mesoamerican languages from the Mayan Uto Aztecan Totonac Tepehuan and Otomanguean groups neighboring non Mesoamerican languages Apachean Arawakan Andean languages as well as Spanish Language contact effects in these diverse languages and language groups are typically analyzed by different subfields of linguistics that do not necessarily interact with one another It is hoped that this volume which contains works from different scholarly traditions that represent a variety of approaches to the study of language contact will contribute to the lessening of this compartmentalization The volume is relevant to researchers of language contact and contact induced change and to anyone interested both in the historical development and present features of indigenous languages of the Americas and Latin American Spanish

Comanche Dictionary and Grammar, Second Edition James Armagost, Lila Robinson, 2012-09-07 This Comanche dictionary is based on research drawn from the files of the late Eliot Canonge which he initiated in the early 1940s under the auspices of SIL International Dr Robinson has rescued and enhanced this important body of data which spans traditional and contemporary varieties of Comanche speech styles and four geographically identifiable dialects The Comanche English section of the work with over 5 500 entries constitutes the central portion of the dictionary but an English Comanche section indexes Comanche entries to aid in locating Comanche forms from the point of view of their English equivalents In turn Dr Armagost s provision of an introductory exploration of Comanche morphology and syntax further enhances this volume as an important contribution to our knowledge of this branch of the Uto Aztecan family of languages This second edition has been improved for user friendliness especially in the English Comanche section making it much easier to find a Comanche equivalent of an English term Lila Wistrand Robinson has a Ph D from the University of Texas Austin and served several years with SIL International in Peru Her research was published in the book Cashibo Folklore and Culture Prose Poetry and Historical Background SIL International Publications 1998 She has also published an Iowa Otoe English dictionary and taught Linguistics and Anthropology at Kansas State University James Armagost has a Ph D in Linguistics from the University of Washington He has taught Comanche and other subjects at Kansas State University until

retiring in 2001 He is the author of multiple papers on Comanche **A GRAMMAR OF THE WAPPO LANGUAGE** PAUL RADIN,1929 **Anthropological Linguistics** ,1994 Notes on Linguistics ,1994 Dancing on Common Ground Howard L. Meredith,1995 This unique book combines linguistics history archaeology and anthropology into a whole overview of the development of tribal alliances and self governance through time No other scholar addresses so successfully and so well the imagery of political and historical issues through dance C Blue Clark author of Lone Wolf v Hitchcock

International Journal of American Linguistics ,1999 *General and Amerindian Ethnolinguistics* Mary Ritchie Key, Henry M. Hoenigswald,1989 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students researchers and practitioners in all of the social and language related sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications It approaches the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language Comanches and Texans in the Making of the Comanche Nation Andrew McKee Jones,1997 **Typological and Comparative Grammar of Uto-Aztecan** Charles Frederick Voegelin,1962 **Proof-sheets of a Bibliography of the Languages of the North American Indians** James Constantine Pilling,1885 *Typological and Comparative Grammar of Uto-Aztecan: Phonology* Charles Frederick Voegelin, Kenneth Locke Hale,1962 **University of California Publications in Linguistics** ,1965 **Bulletin** Texas Education Agency,1921 **Surviving Linguistics** Monica Ann Macaulay,2006 Surviving Linguistics offers linguistics students clear practical and focused advice on how to succeed in graduate school and earn a degree The book is a valuable resource for students at any stage of their graduate career from learning to write linguistics papers through completing their dissertation and finding a job Along the way the author explains the process of submitting conference abstracts presenting papers at conferences publishing journal articles writing grant applications creating a CV and much more Throughout Surviving Linguistics Macaulay emphasizes the importance of working with advisors dissertation committees and fellow graduate students The book includes exercises helpful references to numerous books and on line resources and an index
