The essays do not attempt to offer a complete picture of the history of writing and the book in East Asia but rather they hope to make a modest contribution by highlighting the differential developments in each of the cultural regions as they were influenced by political, economic, social, and cultural factors. *The Sacred Books and Early Literature of the East* Charles Francis Horne, 1917. *A Guide Book to Technical Literature, Designed for the Use of Engineers and Others* John Birch (and co.), 1891. *The Study of the Ancient Near East in the Twenty-First Century* Jerrold S.
