Carnivores Inquiry:

A Carnivore's Inquiry Sabina Murray, 2007-12-01 From a PEN Faulkner Award winning author The Caprices seduces readers with a thriller praised as dazzling lovely literate and deeply unnerving The New York Times Book Review When we meet Katherine the winning and rather disturbing twenty three year old narrator she has just left Italy and arrived in New York City but what has propelled her there is a mystery She soon strikes up an affair with a middle aged Russian migr novelist she meets on the subway and almost immediately moves into his apartment Katherine s occasional allusions to a frighteningly eccentric mother and tyrannical father suggest a somberness at the center of her otherwise flippant and sardonic demeanor Soon restless she begins journeying across the continent trailed everywhere she goes by a string of murders As the ritualistic killings begin to pile up Katherine takes to meditating on cannibalism in literature art and history The story races toward a hair raising conclusion while Katherine and the reader close in on the reasons for both her and her mother s fascination with aberrant violent behavior A brilliantly subtle commentary on twenty first century consumerism and Western culture s obsession with new frontiers A Carnivore s Inquiry is an unsettling exploration of the questionable appetites that lurk beneath the veneer of civilization Murray paces her psychological thriller with consummate control keeping the reader enthralled through subtle suggestion and a scattering of grisly details Readers will be hooked by Murray s classy treatment of her sexy sinister subject matter Publishers Weekly

Living Organisms Julia M. Hatler, 2011 *A Carnivore's Inquiry* Sabina Murray, 2004 As the ritualistic killings begin to pile up Katherine comforts and inspires herself by meditating on cannibalism in literature art and history and examines subjects as diverse as the Donner Party the fall of Dante s Count Ugolino and the story behind Gericault s The Raft of the Medusa Slowly Katherine realizes that at the center of the mysterious deaths lies a bloody truth that in the beam of a flashlight in the woods in the scabbling claws in the cupboard something is making itself known As the story races towards its frightening conclusion Katherine and the reader close in on the true reason for her fascination with aberrant violent behavior
