Food and Cooking Skills Education Anita Tull, 2018-01-29 Food and Cooking Skills Education FCSE is a complex mix of policy and practicality educational theory and pedagogy classroom and government policy This book shows how FCSE has been at the centre of a tussle between education and policy for decades It reviews how FCSE has grappled with various significant issues of concern that threaten to marginalise it and pose problems for educational practicalities as expectations are increased but resources are squeezed It assesses the debate about the significance and importance of acquiring practical food and cooking skills in a society where the purchase of ready made food has become commonplace and public knowledge of where our food comes from is noticeably lacking This has contributed to the escalating incidence of diet related diseases and the attendant cost to society and threatened environmental sustainability In turn governments have reacted by proposals to make practical cooking skills a statutory National Curriculum subject as part of the armoury for tackling such costs Based on detailed research conducted across England and Wales as well as comparisons with thirty five other countries or states the author makes recommendations for policy to manage this challenge facing contemporary society

The Food System Geoff Tansey, Anthony Worsley, 2014-03-18 Food is a massive industry and the many key players involved have very different interests In wealthy nations those interests can range from corporate survival and maintaining profitability in a market with limited demand to promoting a healthy diet and ensuring food safety For the poor the emphasis is all too often on simply getting enough to eat As information technology and biotechnology are set to revolutionize the food system it is essential to understand the broad context in which the different actors operate so that all the world s people can enjoy a safe secure sufficient and sustainable food supply This text provides an overview of today s dominant food system one developed in and controlled by northern industrialized countries and one that is becoming increasingly globalized

Culinary Landmarks Elizabeth Driver, 2008-04-05 Culinary Landmarks is a definitive history and bibliography of Canadian cookbooks from the beginning when La cuisini re bourgeoise was published

in Quebec City in 1825 to the mid twentieth century Over the course of more than ten years Elizabeth Driver researched every cookbook published within the borders of present day Canada whether a locally authored text or a Canadian edition of a foreign work Every type of recipe collection is included from trade publishers bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women s groups The entries for over 2 200 individual titles are arranged chronologically by their province or territory of publication revealing cooking and dining customs in each part of the country over 125 years Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books Driver s excellent general introduction sets out the evolution of the cookbook genre in Canada while brief introductions for each province identify regional differences in developments and trends Four indexes and a Chronology of Canadian Cookbook History provide other points of access to the wealth of material in this impressive reference book
