Choice Recipes:

265 Choice Recipes, 1883 *Georgia's Historical Recipes* Valerie J. Frey, 2025-05 *Georgia's Historical Recipes* is an exploration of our state's oldest recipes from the antebellum period through World War II as painstakingly researched by Georgia archivist Valerie J. Frey. This volume begins with a discussion of old recipes as primary sources and what they can tell us about the history and culture of their era and how to bring them to life in modern kitchens. Frey then moves into fifty sections that can be read alone yet allow readers to build an understanding of how foodways evolved over time. Some sections highlight a single recipe illustrating how changes in technology, agriculture, transportation, communication, and social patterns led to changes in Georgia kitchens. Most of the recipes are previously unpublished, waiting in archives to be rediscovered. Other sections explore our oldest cookbooks, offering biographical and cultural background information that makes them more meaningful. For the first time, Georgians have a list of the state's early cookbooks and its cooking experts. Readers will learn where to find Georgia's oldest recipes and discover many examples to whet their appetites, literally and figuratively, for a taste of Georgia's past.

Culinary Landmarks Elizabeth Driver, 2008-01-01 *Culinary Landmarks* is a definitive history and bibliography of Canadian cookbooks from the beginning when *La cuisinière bourgeoise* was published in Quebec City in 1825 to the mid-twentieth century. Over the course of more than ten years, Elizabeth Driver researched every cookbook published within the borders of present-day Canada, whether a locally authored text or a Canadian edition of a foreign work. Every type of recipe collection is included, from trade publishers' bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women's groups. The entries for over 2,200 individual titles are arranged chronologically by their province or territory of publication, revealing cooking and dining customs in each part of the country over 125 years. Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books. Driver's excellent general introduction sets out the evolution of the cookbook genre in Canada, while brief introductions for each province identify regional differences in developments and trends. Four indexes and a Chronology of Canadian Cookbook History provide other points of access to the wealth of material in this impressive reference book.
