## Choosing And Using Ecl:

*Choosing and Using ECL* Paul L. Matthews, 1984      **Electronic Design** ,1988      *Big Data Technologies and Applications* Borko Furht, Flavio Villanustre, 2016-09-16 The objective of this book is to introduce the basic concepts of big data computing and then to describe the total solution of big data problems using HPCC an open source computing platform. The book comprises 15 chapters broken into three parts. The first part *Big Data Technologies* includes introductions to big data concepts and techniques big data analytics and visualization and learning techniques. The second part *LexisNexis Risk Solution to Big Data* focuses on specific technologies and techniques developed at LexisNexis to solve critical problems that use big data analytics. It covers the open source High Performance Computing Cluster HPCC Systems platform and its architecture as well as parallel data languages ECL and KEL developed to effectively solve big data problems. The third part *Big Data Applications* describes various data intensive applications solved on HPCC Systems. It includes applications such as cyber security social network analytics including fraud Ebola spread modeling using big data analytics unsupervised learning and image classification. The book is intended for a wide variety of people including researchers scientists programmers engineers designers developers educators and students. This book can also be beneficial for business managers entrepreneurs and investors.
