these premises Education as Jazz represents a metaphor and a challenge exploring the potential of jazz conceived not only as kind of music or art but rather as a mix of values attitudes and skills fundamental in everyday life and in human development As such the book adopts an interdisciplinary perspective and a multidimensional approach According to the rationale of the UNESCO International Jazz Day which highlights the role of jazz in promoting peaceful societies intercultural dialogue gender equality and innovative spirit this book offers a concrete educational resource and theoretical framework oriented towards a new pedagogy for freedom
