Christ and Civilization National Council of the Evangelical Free Churches,1910 **Christ and Civilization** John W. Robbins,2007 Christ and Civilization explains the origin of Western civilization not in pagan Greece and Rome nor in the superstitious and dictatorial Roman Church State but in the system of ideas found in the Bible Christianity It was the Christian Reformation of the sixteenth century that created Western civilization and Western civilization is collapsing because Christianity is disappearing in the West Publisher **Christ and Civilization** Paton J B (John Brown),2023-07-18 Christ and Civilization is a study of the relationship between Christianity and culture J B Paton argues that Christianity has played a central role in shaping Western civilization and that it continues to offer important insights into the nature of humanity and society This book is an essential read for those interested in the intersection of religion and politics This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Christ and Civilization** John William Robbins,2003 **Christ and Civilization** Alfred E 1861-1945 Garvie,J B 1830-1911 Paton,Percy William Bunting,2015-11-06 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *CHRIST AND CIVILIZATION* JOHN BROWN. The Civilization of Christianity John L. McKenzie,2009-01-01 The devastating thesis of this book is that there is a deadly and irreconcilable opposition between western civilization and Christianity and that one of them must destroy the other Throughout his more than forty years of teaching and writing says John L McKenzie he felt a vague but strong discomfort a malaise He finally realized that it was a deliberately unrecognized discord between what I was and the word of God which I had so long studied My way of life and my world demanded the maintenance of a number of assumptions which the world of God compelled me to question My way of life and my world did not permit me to ask those questions When the questions grew to an intolerable number this book was the only way to find comfort the comfort which I hope is reached by at last achieving total candor And candid John McKenzie is in this piercing analysis of the confrontation between Christianity and a world which has twisted it softened it rationalized it and evaded its basic precepts **Christianity and Civilisation** Emil Brunner,1948 *The Highest Civilization a Result of Christianity and Christian Learning* Ray Palmer,1866 [How Christianity Built Western Civilization](#) Dr. Alex Locay,2022-01-05 Today the voices from the secular left are hard at work removing any trace of religion from government and the law Meanwhile secular historians have successfully limited Christianity's contribution in history to the Crusades and Inquisitions as if that is all Christians have to speak for The real story is quite different primarily that everything good in Western Civilization has its roots in the Christian religion How Christianity Built Western Civilization is the epic tale of how our Christian forefathers stood up to history's darkest forces to forge a new way of life grounded in the biblical worldview Over the centuries it has become evident that Western Civilization has emerged as mankind's greatest achievement It is here where the greatest political and economic systems were born and here that we see the concept of human rights emerge along with the modern scientific process and the greatest discoveries It is in the West that we find the most advanced educational institutions along with the greatest charities artistic masterpieces and architectural innovations Is this a coincidence or the deliberate result of our worldview How Christianity Built Western Civilization answers this question with chapters on human rights modern science universal education charity art and architecture focusing entirely on the revolutionary milestones and individuals that made these achievements possible Each chapter unfolds chronologically starting with the biblical foundation and moving through the work of the early and Medieval Church arriving at modern times The author builds a compelling case demonstrating how Western Civilization would be indistinguishable from India China or Africa today if not for the teachings of Christ and the Bible *Crisis in the West* GERALD. RAHELICH,2022-08-24 Divine Providence has made western civilization preeminent in the world By making

western civilization preeminent in the world God has provided for the dissemination of the Gospel of Jesus Christ to the four corners of the globe Western civilization grew out of the achievements of the Ancient Greeks and Christianity From the ancient Greeks western civilization inherited its intellectual prowess while Christianity gave western civilization its core values the belief in the law the individual and in God Christianity is the basis for western civilization which is also referred to as Christian civilization and in times gone by as Christendom Today western civilization faces existential threats Communist China and radical Islam are threatening western preeminence Yet the greatest threat is internal It comes from the Godless socialists who are trying to replace western civilization with world socialism Their efforts have centered on the destruction of our Christian values in an attempt to separate us from God the source of the civilization s success Thanks to the left s control of education too many people have little or no knowledge of the accomplishments or the history of western civilization Crisis In the West The Attempt to Destroy Christian Civilization discusses the accomplishments and history of western civilization including biblical history and the history of Christianity Emphasis is placed on the how historical developments fulfilled God s plan for the preeminence of western civilization It also explores the challenges western civilization faces from Communist China radical Islam and socialism
