Defending The Faith:

Reasons to Reason Nancy A. Almodovar, 2021-07-22 Apologetics What is that Isn't that for theologians and pastors These are the rebuttals one might receive when encouraging Christians to learn and engage in apologetics the defense of the Christian faith This book isn't about apologetics per se Instead it reviews the many benefits for Christians engaging in apologetics and learning about it Dr Almodovar reviews what aspects of the field helped strengthen her own faith and brought excitement in bringing the good news of the forgiveness of sins through Jesus Christ as she spoke with those who aren't Christians Over the past years Dr Almodovar has actively engaged in encouraging Christians to actually do apologetics and many have come back to her saying it not only helped them answer the questions of non believers but strengthened their own faith knowing now the great amount of evidence there is for the Christian religion If you've never engaged in defending the faith now is the time to learn how it will benefit you in your walk with Christ and perhaps excite you to dig a little deeper so you too can answer their questions about Jesus his life death and resurrection for the forgiveness of all our sins

Christian Confidence Chris Sinkinson, 2012-07-10 Christian Confidence is a one stop shop for young Christians who want to bring composure and knowledge to conversations of faith in the twenty first century As readers work through the history theory and practice of apologetics they will find that defending the faith is not a chore but a practice meant to bring unity and coherence to the Christian life Faith Has Its Reasons Kenneth Boa, Robert M. Bowman Jr., 2012-02-05 A most accessible but thoroughly practical primer on apologetics *Why?* Doug Taylor, 2011-08 Why do Christians believe what they believe What is it about Christianity that makes us believe we have the one and only way to heaven After all would a loving and caring God actually send somebody to hell just because they happened to follow a teacher who got a few facts wrong What about the area of science How can we claim with confidence that the universe had a beginning and will have an end when renowned scientists and physicists have claimed that the universe is eternal If there is no God where do ethics and morality come from and on what do we base our concept of right and wrong In *Why A Believer's Guide to Defending the Faith* author Doug Taylor helps Christians find the answers to those and other questions This guide is divided into six main sections understanding the Apologetics determining if the Bible supports or prohibits us from looking for evidences of God and His work basic differences between the occult cults and false religions how the church and atheism are obstacles to Apologetics today and a look at positive supports for the Christian worldview and Christianity at large The final section is a recap and challenge to the reader moving forward Written in easy to understand unintimidating language *Why* is designed for new and veteran Christians It will help prepare all Christians to explain to others the truths of their faith Defending Your Faith R. C. Sproul, 2025-06-03 Apologetic Primer Explains How Reason Supports Christianity's Claims From the classroom to mainstream media Christians regularly find their fundamental beliefs discounted by opponents who consider faith to be incompatible with reason Faith is viewed as subjective emotional and a crutch for those who find the real world too hard The

late R C Sproul however claims faith reveals just how rational Christianity truly is This book surveys the history and fundamentals of apologetics to demonstrate how reason and scientific inquiry actually support Christianity s claims thus equipping believers to defend the existence of God and the Bible s authority The defense of the faith is not a luxury or an intellectual vanity It is a task appointed by God to give reason to your eternal hope as you bear witness before the world A Logical and Biblical Defense Sets forth the basic truth claims of Christianity to show the rationality of the Christian faith Comprehensive Deals with arguments from philosophy science reason logic and history Ideal for New and Seasoned Believers Alike Helps Christians know what they believe and why they believe it Great Resource for Individual Small Group or Classroom Study

[How to Defend the Christian Faith](#) John W. Loftus,2015-11-01 The first book on Christian apologetics written by a leading atheist figure that teaches Christians the best and worst arguments for defending their faith against attack The Christian faith has been vigorously defended with a variety of philosophical historical and theological arguments but many of the arguments used in an earlier age no longer resonate in today s educated West Where has apologetics gone wrong What is the best response to the growing challenge presented by scientific discovery and naturalistic thought Unlike every work on Christian apologetics that has come before How to Defend the Christian Faith is the first one written by an atheist for Christians As a former Christian defender who is now a leading atheist thinker John Loftus answers these questions and more He tells would be apologists how to train properly where to study what to study what issues they should concern themselves with and how poorly the professors who currently train them practice their craft In the process he shows readers why Christian apologists have failed to reach the intelligent nonbeliever For those Christian apologists who think this book will provide a secret formula to convert the nonbelieving masses be warned as an expos of the present state of Christian apologetics it can just as easily be used by atheists to refute apologetic arguments Thus this book presents both an opportunity and a challenge to Christians they must either change how apologetics is done or quit doing apologetics altogether

Humble Apologetics John G. Stackhouse Jr.,2002-11-14 Is it still possible in an age of religious and cultural pluralism to engage in Christian apologetics How can one urge one s faith on others when such a gesture is typically regarded with suspicion if not outright resentment In *Humble Apologetics* John G Stackhouse brings his wide experience as a historian philosopher journalist and theologian to these important questions and offers surprising and reassuring answers Stackhouse begins by acknowledging the real impediments to Christian testimony in North America today and to other faiths in modern societies around the world He shows how pluralism postmodernism skepticism and a host of other factors create a cultural milieu resistant to the Christian message And he shows how the arrogance or dogmatism of apologists themselves can alienate rather than attract potential converts Indeed Stackhouse argues that the crucial experience of conversion cannot be compelled all the apologist can do is lead another to the point where an actual encounter with Jesus can take place Finally he shows how displaying an attitude of humility instead of merely trying to win religious arguments will help believers

offer their neighbors the gift of Christ's love Drawing on the author's personal experience and written with an engaging directness and an unassuming nature *Humble Apologetics* provides sound guidance on how to share Christian faith in a postmodern world

Defending the Faith in a Messy World John Warwick Montgomery, 2023-01-01 Much to the dismay of its critics defending the Christian faith does not rest on a complicated philosophical quest nor illogical assumptions The task of defending the Christian faith or Christian apologetics is for every Believer In this easy to read beginners guide to Christian apologetics scholar and apologist Dr John Warwick Montgomery lays the groundwork for why the case for Christianity is factually and historically compelling as well as how we should defend the faith The book's three sections will lead you through the importance of Christian apologetics issues the nonbeliever may raise and how to bring the centrality of the faith Christ on the cross before atheists skeptics and people from other worldviews For those who want a lighthearted yet thorough introduction to the how why and what of Christian apologetics this primer is a go to guide for those who hope to be ready always to give an answer for the faith that is within 1 Peter 3:15

The Allure of Gentleness Dallas Willard, 2015-02-10 The revered Christian author whose bestselling classics include *The Divine Conspiracy* and *The Spirit of the Disciplines* provides a new model for how we can present the Christian faith to others When Christians share their faith they often appeal to reason logic and the truth of doctrine But these tactics often are not effective A better approach to spread Christ's word Dallas Willard suggests is to use the example of our own lives To demonstrate Jesus's message we must be transformed people living out a life reflective of Jesus himself a life of love humility and gentleness This beautiful model of life this allure of gentleness Willard argues is the foundation for making the most compelling argument for Christianity one that will convince others that there is something special about Christianity and the Jesus we follow

Understanding Christian Apologetics Melissa Cain Travis, Sean McDowell, James N. Anderson, D. A. Horton, 2025-08-01 Examine the roots and practicality of biblical and modern apologetics with the guidance of five experts and learn to apply their best practices to your own journey God has called Christians to be prepared to defend their hope in Christ but what's the best method for making this defense In this book five expert apologists set out together to determine which approach to apologetics is the most faithful to Scripture and the most useful in a secular age In this fast paced and thorough exploration enjoy learning Solid scriptural defenses for the use of apologetics Five different approaches to apologetics and how to employ them And much more *Understanding Apologetics* presents in counterpoint form five popular approaches to the defense of the Christian faith that have developed throughout history from the early days of Christianity through to our practices today Apologetics philosophies explored here include Cultural Apologetics Presuppositional Apologetics Evidential Apologetics Classical Apologetics Ecclesial Apologetics About the Contributors These defenses are much more than academic Each contributor is a scholar who also practices apologetics daily The result is a thorough yet fast paced and practical guide to defending your faith Melissa Cain Travis PhD Faulkner University argues that classical apologetics is still vital and relevant today Sean

McDowell PhD The Southern Baptist Theological Seminary contends that evidential apologetics is better suited than other methods when it comes to answering people's doubts about the Christian faith James N Anderson PhD University of Edinburgh focuses on epistemology and makes the case for presuppositional apologetics D A Horton PhD Southeastern Baptist Theological Seminary suggests the other perspectives are incomplete until they include cultural apologetics Timothy Paul Jones PhD The Southern Baptist Theological Seminary retrieves the apologetics methods of the early church and recontextualizes these ancient arguments to meet the challenges of a secular age

Contend Aaron Armstrong, 2012-10 Every generation must contend for the faith in its own way Jesus said I am the way and the truth and the life No one comes to the Father except through me John 14:6 With the entire Christian faith standing or falling on the validity of such an utterly exclusive and uncompromising claim doctrine that truly aligns with Jesus will cause division When we represent our faith honestly it is simply inevitable at times we will be at odds with others friends relatives perhaps even other Christians Yet we are called to contend in obedience to and for the sake of the most divisive person in history And the challenge is to do it in the way Jude describes as an act of mercy toward those who doubt and those who have been deceived regardless of whether they claim faith in Christ

On Guard William Lane Craig, 2010-03-01 Christian apologetics scholar William Lane Craig provides a powerful and practical guide for defending the Christian faith This concise guide is filled with illustrations sidebars and memorable steps to help Christians stand their ground and defend their faith with reason and precision In his engaging style Dr Craig offers ways to equip Christians including how to Answer the difficult questions about your faith Overcome times of spiritual doubt Understand not just what you believe but why you believe Paired with personal stories from Dr Craig's own life this one stop training manual will guide you in developing a biblical world view and will show you how being on guard with the truth has the power to change lives forever

Defending and Defining the Faith D.H. Williams, 2020-05-07 In *Early Christian Apologetics* D H Williams offers a first comprehensive presentation of Christian apologetic literature from the second to the fifth century CE Williams argues that most apologies were not directed at a pagan readership In most cases ancient apologetics had a double object to instruct the Christian and persuade weak Christians or non Christians who were sympathetic to Christian claims Taken cumulatively he finds apologetic literature was integral to the formation of the Christian identity in the Roman world

Humble Apologetics John Gordon Stackhouse, 2006 Publisher description Is it still possible in an age of religious and cultural pluralism to engage in Christian apologetics How can one urge one's faith on others when such a gesture is typically regarded with suspicion if not outright resentment In *Humble Apologetics* John G Stackhouse brings his wide experience as a historian philosopher journalist and theologian to these important questions and offers surprising and reassuring answers Stackhouse begins by acknowledging the real impediments to Christian testimony in North America today and to other faiths in modern societies around the world He shows how pluralism postmodernism skepticism about our ability to know the truth and a host of other factors create a

cultural milieu resistant to the Christian message And he shows how the arrogance or dogmatism of apologists themselves can alienate rather than attract potential converts Indeed Stackhouse argues that the crucial experience of conversion cannot be compelled all the apologist can do is lead another to the point where an actual encounter with Jesus can take place Our objective Stackhouse writes is to offer whatever assistance we can to our neighbors toward their full maturity toward full health in themselves and in their relationships and especially toward God In the last part of the book he shows how an attitude of humility instead of merely trying to win religious arguments will help believers offer their neighbors the gift of Christ s love Drawing on the author s personal experience and written with an engaging directness and humility Humble Apologetics provides sound guidance on how to share Christian faith in a postmodern world

Defending the Faith Robert Dickie,2020-01-28 When defending the faith it is not sufficient to merely go after a few surface issues The real battle goes much deeper The defender of the historic Christian faith must blast deep into the foundations of the enemy s worldview by exposing and destroying his presuppositions The battle for truth cannot be won apart from destroying the false presuppositions held by those who reject the gospel
