## **Defining And Measuring Democracy:**

*Defining and Measuring Democracy* David Beetham, 1994-11-29 The rapid worldwide phase of democratization since the 1980s has stimulated a renewed interest in how we define and measure democracy The contributors to this volume include leading political theorists political scientists and experts in comparative government from across Europe *Defining and Measuring Democracy* offers an integrated analysis of key debates and issues ranging from the question of how to define democracy to the issue of cultural diversity Each chapter offers new insights and approaches placed in the context of contemporary debates

Freedom or Security Michael Freeman, 2003-05-30 Several democratic countries have used emergency powers to restrict or suspend individual liberties in order to fight terrorism more effectively Emergency powers are controversial in their potential to undermine democracy and civil liberties Freeman challenges popular arguments of both the supporters of emergency powers who focus on their expected effectiveness and the critics who focus on the dangers In reality the recent experiences of four different democratic states that have invoked emergency powers show that a positive outcome is just as likely as negative outcome As the United States fights its war against terrorism it should heed the lessons learned by other democracies in similar struggles particularly Great Britain's relationship with Northern Ireland in the 70s and 80s Uruguay's response to the Tupamaros in the late 60s and early 70s Canada's dealings with the FLQ in 1970 and Peru's conflict with the Shining Path movement in the 80s and early 90s

*Demokratiemessung* Hans-Joachim Lauth, 2000-09-28 Der Bedarf an der Demokratiemessung ist in der vergleichenden Politikwissenschaft in den letzten Jahren merklich gestiegen Doch zugleich wurde in vielen demokratiethoretischen Debatten der Aspekt der Operationalisierung der vorgeschlagenen Demokratiemodelle zu stark vernachlässigt Weder wurde stets eine empirische Überprüfung angestrebt noch konnte die allgemeine Frage Wie demokratisch ist ein bestimmtes politisches System angemessen behandelt werden Die rasch wachsende Zahl von verschiedenen Konzepten zur Demokratiemessung bedarf ihrerseits einer tieferen theoretischen und methodischen Reflexion Welches Demokratieverständnis wird zugrunde gelegt wie erfolgt die Operationalisierung und Messung welches sind die empirischen Befunde und wie valide sind die Ergebnisse Die Beiträge dieses Bandes möchten diese Fragen beantworten und präsentieren darüber hinaus eigene Vorschläge zu einer differenzierenden Weiterentwicklung der Demokratiemessung

**Journal of Theoretical Politics**, 2004 *Biennial Conference*, 1998 *Political Representation and Participation in Transitional Democracies* Elfar Loftsson, Yonhyok Choe, 2003 This volume describes the transformation of the three Baltic States to liberal democracies and discusses to what extent the new institutions that have come into existence enjoy popular support It is an empirical study based on a survey conducted in 1999 to test hypotheses derived from representation and participation theories Each chapter contains a discussion of the theoretical implications found in the Baltic context The three Baltic

societies are on the verge of a transition towards a more consolidated and stable system in which the rule of law is widely accepted as a democratic principle However there are nostalgic sentiments among those who were deeply involved in the Soviet system and among those who have been disadvantaged by the new system
