Delinquency And Identity

Elizabeth V. Deasy

Delinquency And Identity:

Delinquency and Identity Chuen-Jim Sheu, 1986 *Crime and Delinquency* Lullu Tshiwula, 1999 **Identity and Male Juvenile Delinquency** Elizabeth V. Deasy, 1968 **Identity and the Life Cycle** Erik H. Erikson, 2015-06-08 Erik H Erikson's remarkable insights into the relationship of life history and history began with observations on a central stage of life identity development in adolescence This book collects three early papers that along with *Childhood and Society* many consider the best introduction to Erikson's theories Ego Development and Historical Change is a selection of extensive notes in which Erikson first undertook to relate to each other observations on groups studied on field trips and on children studied longitudinally and clinically These notes are representative of the source material used for *Childhood and Society* *Growth and Crises of the Health Personality* takes Erikson beyond adolescence into the critical stages of the whole life cycle In the third and last essay Erikson deals with *The Problem of Ego Identity* successively from biographical clinical and social points of view all dimensions later pursued separately in his work *Identity Conflict as a Predisposing Factor in Juvenile Delinquency* William F. Kitchens, 1966 **Juvenile Delinquency** William E. Thompson, Jack E. Bynum, Mica L. Thompson, 2024-08-06 *Juvenile Delinquency A Sociological Approach* Twelfth Edition discusses delinquency as it relates to and emerges from youths families neighborhoods schools peer groups social classes and overall cultural and social environments With a student friendly approach the authors explore the different causes of juvenile delinquency examine its behaviors and consequences in social contexts explain the role of the police and court system and propose strategies for treatment and prevention Learning outcomes offer students a roadmap for major concepts and key ideas while end of chapter outcomes assessments stimulate critical thinking and discussion In each chapter Global Focus on Delinquency boxes look at delinquency in different societies cultures and subcultures and Controversial Issue boxes address critical questions New to the Twelfth Edition Dedicated section in each chapter covers intersectionality of social factors such as race sex gender and sexual orientation to examine how they influence adolescent marginality New streamlined chapter combining topics on youth subcultures and gangs reflects the latest developments in the field while streamlining the book into a 15 chapter format New and updated discussion of latest research on the possible connection between video gaming and violence cyberbullying and school shootings which have become prevalent in American culture Expanded coverage of the influence of media is included in all chapters to highlight how our lives are influenced by mass media and especially social media **Music in Crime, Resistance, and Identity** Eleanor Peters, 2023-02-10 This book considers the intersection of music politics and identity focusing on music genres across the world as a form of political expression and protest positive identity formations and also how the criminalisation censoring policing and prosecution of musicians and fans can occur All encompassing in this book is analyses of the unique contribution of music to various aspects of human activity through an international multi disciplinary approach The book will serve as a starting point for scholars in those areas where there has been an uncertain approach to

this subject while those from disciplines with a more established canon of music analysis will be informed about what each perspective can offer The approach is international and multi disciplinary with the contributing authors focusing on a range of countries and the differing social and cultural impact of music for both musicians and fans Academic disciplines can provide some explanations but the importance of the contribution of practitioners is vital for a fully rounded understanding of the impact of music Therefore this book takes the reader on a journey beginning with theoretical and philosophical perspectives on music and society proceeding to an analysis of laws and policies and concluding with the use of music by educational practitioners and the people with whom they work This book will appeal to students and scholars in subjects such as sociology criminology cultural studies and across the wider social sciences It will also be of interest to practitioners in youth justice or those with other involvement in the criminal justice system

Handbook of Juvenile Forensic Psychology and Psychiatry Elena Grigorenko,2012-02-18 Juvenile justice centers have a long tradition as an unfortunate stop for young offenders who need mental health care Reports estimate that as many as 70% of the youth in detention centers meet criteria for mental health disorders As juvenile justice systems once again turn their focus from confinement to rehabilitation mental health providers have major opportunities to inform and improve both practice and policy The Handbook of Juvenile Forensic Psychology and Psychiatry explores these opportunities by emphasizing a developmental perspective multifaceted assessment and evidence based practice in working with juvenile offenders This comprehensive volume provides insights at virtually every intersection of mental health practice and juvenile justice covering areas as wide ranging as special populations sentencing issues educational and pharmacological interventions family involvement ethical issues staff training concerns and emerging challenges Together its chapters contain guidelines not only for changing the culture of detention but also preventing detention facilities from being the venue of choice in placing troubled youth Key issues addressed in the Handbook include Developmental risks for delinquency Race and sex disparities in juvenile justice processing Establishing standards of practice in juvenile forensic mental health assessment Serving dually diagnosed youth in the juvenile justice system PTSD among court involved youth Female juvenile offenders Juvenile sex offenders The Handbook of Juvenile Forensic Psychology and Psychiatry is an essential reference for researchers professors allied clinicians and professionals and policy makers across multiple fields including child and school psychology child and adolescent psychiatry developmental psychology criminology juvenile justice forensic psychology neuropsychology social work and education

Education and Delinquency Institute of Medicine,National Research Council,Commission on Behavioral and Social Sciences and Education,Board on Children, Youth, and Families,Committee on Law and Justice,Panel on Juvenile Crime: Prevention, Treatment, and Control,2000-11-04 The Panel on Juvenile Crime Prevention Treatment and Control convened a workshop on October 2 1998 to explore issues related to educational performance school climate school practices learning student motivation and commitment to school and their relationship to delinquency The workshop was designed to

bring together researchers and practitioners with a broad range of perspectives on the relationship between such specific issues as school safety and academic achievement and the development of delinquent behavior Education and Delinquency reviews recent research findings identifies gaps in knowledge and promising areas of future research and discusses the need for program evaluation and the integration of empirical research findings into program design New Perspectives for Research on Juvenile Delinquency United States. Children's Bureau,1956

Transnational Crime and Global Security Philip L. Reichel,Ryan Randa,2018-01-12 This two volume work offers a comprehensive examination of the distressing topics of transnational crime and the implications for global security National security is a key concern for individual nations regions and the global community yet globalism has led to the perfusion of transnational crime such that it now poses a serious threat to the national security of governments around the world Whether attention is concentrated on a particular type of transnational crime or on broader concerns of transnational crime generally the security issues related to preventing and combatting transnational crime remain of top priority concern for many governments Transnational Crime and Global Security has been carefully curated to provide students scholars professionals and consultants of criminal justice and security studies with comprehensive information about and in depth analysis of contemporary issues in transnational crime and global security The first volume covers such core topics as cybercrime human trafficking and money laundering and also contains infrequently covered but nevertheless important topics including environmental crime the weaponization of infectious diseases and outlaw motorcycle gangs The second volume is unique in its coverage of security issues related to such topics as the return of foreign terrorist fighters using big data to reinforce security and how to focus efforts that encourage security cooperation

Children and Crime Connie M. Tang,2018-08-02 Children and Crime offers a multidisciplinary and research based approach to the study of child maltreatment and juvenile delinquency Connie M Tang first examines children as victims of maltreatment exploring how developmental trauma and societal factors influence children s behavior and psyche Topics covered include child neglect physical abuse sexual abuse and psychological abuse Later chapters address how children come into conflict with the law and discuss gang membership and substance abuse Engaging real life case studies illustrate the intersectionality of race gender and crime as well as the role of Child Protective Services and juvenile courts In particular Tang examines how abuse and neglect can later play a role in a child s delinquency Children and Crime provides an innovative and accessible text for psychology social work and criminal justice courses in child abuse neglect and delinquency

Research Methods for Criminal Justice and Criminology Christine Tartaro,2021-05-13 This book explains and illustrates criminal justice research topics including ethics in research research design causation operationalization of variables sampling methods of data collection including surveys reliance on existing data validity and reliability For each approach the book addresses the procedures and issues involved the method s strengths and drawbacks and examples of actual research using that method Every section begins with a brief summary of the research

method Introductory essays set the stage for students regarding the who what when where and why of each research example and relevant discussion questions and exercises direct students to focus on the important concepts Research Methods for Criminal Justice and Criminology A Text and Reader features interesting and relevant articles from leading journals which have been expertly edited to highlight research design issues The text offers instructors a well rounded and convenient collection that eliminates the need to sift through journals to find articles that illustrate important precepts All articles are recent and address issues relevant to the field today such as immigration and crime security post 9 11 racial profiling and selection bias in media coverage of crime Ensuring a rich array additional articles are downloadable at the Support Material tab at www.routledge.com 9780367508890 Instructors can access password protected PowerPoint slides test banks and exercises at the link under Instructor Student Resources The book encourages classroom discussion and critical thinking and is an essential tool for undergraduate and graduate research methods courses in criminal justice criminology and related fields

Identity and the Second Generation Faith G. Nibbs, Caroline B. Brettell, 2021-04-30
Most recently Americans have become familiar with the term second generation as it s applied to children of immigrants who now find themselves citizens of a nation built on the notion of assimilation This common worldwide experience is the topic of study in Identity and the Second Generation These children test and explore the definition of citizenship and their cultural identity through the outlets provided by the Internet social media and local community support groups All these factors complicate the ideas of boundaries and borders of citizenship and even of home Indeed the second generation is a global community and endeavors to make itself a home regardless of state or citizenship This book explores the social worlds of the children of immigrants Based on rich ethnographic research the contributors illustrate how these young people the so called second generation construct and negotiate their lives Ultimately the driving question is profoundly important on a universal level How do these young people construct an identity and a sense of belonging for themselves and how do they deal with processes of inclusion and exclusion

Developmental Theories Of Crime And Delinquency Terence P. Thornberry, In Developmental Theories of Crime and Delinquency Terence P Thornberry and his contributors show that criminal behavior is not a static human attribute but ebbs and flows over the life course of the individual Criminal behavior tends to follow a distinct psychological pattern It is relatively uncommon during childhood is initiated by most offenders during adolescence flourishes during late adolescence and early adulthood and usually diminishes or disappears by the mid twenties This pattern is not characteristic of all people some never commit crimes and others become career criminals but it is a general description of the developmental pattern of criminal offenders This pattern has profound implications for theories of crime and delinquency Not only does it explain initiation into maintenance of and desistance from involvement in crime it offers insight into why crime flourishes during adolescence Traditional theories of crime and delinquency have often failed to distinguish among different phases of criminal careers They tend to ignore developmental changes that occur across a

person's life course changes that coincide with and can explain the causes and patterns of criminal behavior This paperback edition of the seventh volume of the distinguished series *Advances in Criminological Theory* moves us from static identifications of the criminal by presenting a broad range of developmental explanations of crime Each contributor articulates a developmental or life course perspective in explaining how people become involved in delinquency and crime Each covers a wide range of theoretical territory and reveals how a developmental perspective enhances the explanatory power of traditional theories of crime and delinquency This volume is an invaluable tool for criminologists sociologists psychologists and other professionals seeking to teach how crime and violence can be understood in our culture

Gangs, Drugs and (Dis)Organised Crime Robert McLean, 2019-08-21 Drawing upon unique empirical data based on interviews with high profile ex offenders and experts this book sheds new light on drug markets and gangs in the UK The study shows how traditional methods of tackling gang violence fail to address the intertwined nature of those criminal activities which can overlap with other organised crime spheres McLean sparks new debate on the subject offering solutions and alternatives

Identity and Symbolic Interaction Richard T. Serpe, Robin Stryker, Brian Powell, 2020-04-22 This book examines identity theory's centrality within social psychology and its foundations within structural symbolic interaction highlighting its links not only to other prominent sociological subfields but also to other theoretical perspectives within and beyond sociology The book provides a synthetic overview outlining the intellectual lineage of identity theory within structural symbolic interactionism and how the Indiana School of identity theory and research associated especially with Sheldon Stryker relates to other symbolic interactionist traditions within sociology It also analyses the latest developments in response to the push to integrate identity theory which initially focused on role identities with the study of personal group and social identities Further it discusses the relationship between identity theory and affect control theory providing a sense of the many substantive topics within sociology beyond social psychology for which the study of identity has important sometimes underappreciated implications The book concludes with a chapter summarizing the interrelated lessons learned while also reflecting on remaining key questions and challenges for the future development of identity theory

Race, Police, and the Making of a Political Identity Edward J. Escobar, 2023-04-28 In June 1943 the city of Los Angeles was wrenched apart by the worst rioting it had seen to that point in the twentieth century Incited by sensational newspaper stories and the growing public hysteria over allegations of widespread Mexican American juvenile crime scores of American servicemen joined by civilians and even police officers roamed the streets of the city in search of young Mexican American men and boys wearing a distinctive style of dress called a Zoot Suit Once found the Zoot Suiters were stripped of their clothes beaten and left in the street Over 600 Mexican American youths were arrested The riots threw a harsh light upon the deteriorating relationship between the Los Angeles Mexican American community and the Los Angeles Police Department in the 1940s In this study Edward J Escobar examines the history of the relationship between the Los Angeles Police Department and the

Mexican American community from the turn of the century to the era of the Zoot Suit Riots Escobar shows the changes in the way police viewed Mexican Americans increasingly characterizing them as a criminal element and the corresponding assumption on the part of Mexican Americans that the police were a threat to their community The broader implications of this relationship are as Escobar demonstrates the significance of the role of the police in suppressing labor unrest the growing connection between ideas about race and criminality changing public perceptions about Mexican Americans and the rise of Mexican American political activism In June 1943 the city of Los Angeles was wrenched apart by the worst rioting it had seen to that point in the twentieth century Incited by sensational newspaper stories and the growing public hysteria over allegations of widespread Mexican American juve

Constructing Reformatory Identity Kaisa Vehkalahti, 2009 By focusing on one particular re education institution this book offers a multifaceted analysis of practices of diagnosis and curing what was defined as delinquency criminality or disorderly behaviour at the turn of the twentieth century The study provides an important corrective to the existing accounts of re education by proposing an approach in which institutional practices are analysed both from above and from below The book draws attention to the process of reforming identities the construction of reformatory identities as the core of residential re education Special emphasis is placed on the interplay of notions of gender and social background The book is based on extensive archival research drawing from a wide range of new and neglected sources The primary material includes a unique collection of documents produced by the girls of the Vuorela State Reform School in Finland Narrative analysis of correspondence and careful scrutiny of the official sources created for re educational purposes form a basis for the investigation of the interaction between pupils own self expression and the aims of re education in the construction of reformed identities The practices developed in Finland are carefully contextualised in the European history of re education
