The Delphian Course, Vol. 1 Delphian Society, 2018-01-31 Excerpt from *The Delphian Course Vol 1 A Systematic Plan of Education Embracing the World s Progress and Development of the Liberal Arts* There is no doubt but that implicit faith directed the first visitors to Delphi and beyond question this faith to some extent survived The peasant accepted literally the presence of deity but there have been in all ages the discerning who have distinguished between the symbol and that symbolized and certainly the keen alert Greeks did not remain blind adherents Of antiquated conceptions The wisdom of the Delphian priests was revered and their judgments accepted much in the same way as were those of the seers who taught the children Of Israel at the city gates so that the Oracle of Delphi still remained potent a name with which to con jure long after the belief that the deity himself was present had given place to another Today the number who ask Whence cometh wisdom and where is the place of understanding Is more than all who ever sought the Offices of the priestess on her tripod We have learned that not gaseous exhalations but a thorough under standing Of the past will reveal the secrets of the future and that these oracles are best interpreted by thoughtful groups instead of by one frenzied prophetess The name Delphian was chosen for this national educational movement because we too are seekers for wisdom and we would not lose the spell of the storied past as we renew the age old quest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
