

Democracy Education In Classical Athen

Josiah Ober

Democracy Education In Classical Athen:

Democracy and Knowledge Josiah Ober,2008-09-15 When does democracy work well and why Is democracy the best form of government These questions are of supreme importance today as the United States seeks to promote its democratic values abroad Democracy and Knowledge is the first book to look to ancient Athens to explain how and why directly democratic government by the people produces wealth power and security Combining a history of Athens with contemporary theories of collective action and rational choice developed by economists and political scientists Josiah Ober examines Athenian democracy s unique contribution to the ancient Greek city state s remarkable success and demonstrates the valuable lessons Athenian political practices hold for us today He argues that the key to Athens s success lay in how the city state managed and organized the aggregation and distribution of knowledge among its citizens Ober explores the institutional contexts of democratic knowledge management including the use of social networks for collecting information publicity for building common knowledge and open access for lowering transaction costs He explains why a government s attempt to dam the flow of information makes democracy stumble Democratic participation and deliberation consume state resources and social energy Yet as Ober shows the benefits of a well designed democracy far outweigh its costs Understanding how democracy can lead to prosperity and security is among the most pressing political challenges of modern times Democracy and Knowledge reveals how ancient Greek politics can help us transcend the democratic dilemmas that confront the world today

A Companion to Ancient Education W. Martin Bloomer,2015-06-23 A Companion to Ancient Education presents a series of essays from leading specialists in the field that represent the most up to date scholarship relating to the rise and spread of educational practices and theories in the ancient Greek and Roman worlds Reflects the latest research findings and presents new historical syntheses of the rise spread and purposes of ancient education in ancient Greece and Rome Offers comprehensive coverage of the main periods crises and developments of ancient education along with historical sketches of various educational methods and the diffusion of education throughout the ancient world Covers both liberal and illiberal non elite education during antiquity Addresses the material practice and material realities of education and the primary thinkers during antiquity through to late antiquity

Democracy and Education in Classical Athens and the American Founding Martin D. Carcieri,2002 This brief volume provides a critical defense of the U S Supreme Court s view expressed in its San Antonio Independent School District v Rodriguez ruling that education is not a fundamental right deserving protection under the fourteenth amendment Carcieri political science University of Tennessee Knoxville considers the theoretical and historical relationship between education and democracy examining the role of the Sophists in classical Athens and the view of education present in the writings of Jefferson and Madison

A Cultural History of Education in Antiquity Christian Laes,2023-04-20 A Cultural History of Education in Antiquity presents essays that examine the following key themes of the period church religion and morality knowledge media and communications children and childhood family community and

sociability learners and learning teachers and teaching literacies and life histories The book balances traditional approaches towards education with the new history of education that tackles the topic from a much broader scope The chapters integrate evidence from the Greek and the Roman world next to Christian evidence from late antiquity An essential resource for researchers scholars and students in history literature culture and education [Childhood in Ancient Athens](#) Lesley A. Beaumont,2013-01-17 Childhood in Ancient Athens offers an in depth study of children during the heyday of the Athenian city state thereby illuminating a significant social group largely ignored by most ancient and modern authors alike It concentrates not only on the child s own experience but also examines the perceptions of children and childhood by Athenian society these perceptions variously exhibit both similarities and stark contrasts with those of our own 21st century Western society The study covers the juvenile life course from birth and infancy through early and later childhood and treats these life stages according to the topics of nurture play education work cult and ritual and death In view of the scant ancient Greek literary evidence pertaining to childhood Beaumont focuses on the more copious ancient visual representations of children in Athenian pot painting sculpture and terracotta modelling Notably this is the first full length monograph in English to address the iconography of childhood in ancient Athens and it breaks important new ground by rigorously analysing and evaluating classical art to reconstruct childhood s social history With over 120 illustrations the book provides a rich visual as well as narrative resource for the history of childhood in classical antiquity [The Oxford Handbook Sport and Spectacle in the Ancient World](#) Alison Futrell,Thomas F. Scanlon,2021-09-09 Sport and spectacle in the ancient world has become a vital area of broad new exploration over the last few decades This Handbook brings together the latest research on Greek and Roman manifestations of these pastimes to explore current approaches and open exciting new avenues of inquiry It discusses historical perspectives contest forms contest related texts civic and social aspects and use and meaning of the individual body Greek and Roman topics are interwoven to simulate contest like tensions and complementarities juxtaposing for example violence in Greek athletics and Roman gladiatorial events Greek and Roman chariot events architectural frameworks for contests and games in the two cultures and contrasting views of religion bodily regimens and judicial classification related to both cultures It examines the social contexts of games namely the evolution of sport and spectacle across cultural and political boundaries and how games are adapted to multiple contexts and multiple purposes reinforcing social hierarchies performing shared values and playing out deep cultural tensions The volume also considers other directing forces in the ancient Mediterranean such as Bronze Age Egypt and the Near East Etruria and early Christianity It addresses important themes common to both antiquity and modern society such as issues of class gender and health as well as the popular culture of the modern Olympics and gladiators in cinema With innovative perspectives from authoritative scholars on a wide range of topics this Handbook will appeal to both students and researchers interested in ancient history literature sports and games [Democracy in Classical Athens](#) Christopher Carey,2017-01-12 For two centuries classical Athens

enjoyed almost uninterrupted democratic government This was not a parliamentary democracy of the modern sort but a direct democracy in which all citizens were free to participate in the business of government Throughout this period Athens was the cultural centre of Greece and one of the major Greek powers This book traces the development and operation of the political system and explores its underlying principles Christopher Carey assesses the ancient sources of the history of Athenian democracy and evaluates criticisms of the system ancient and modern He also provides a virtual tour of the political cityscape of ancient Athens describing the main political sites and structures including the theatre With a new chapter covering religion in the democratic city this second edition benefits from updates throughout that incorporate the latest research and recent archaeological findings in Athens A clearer structure and layout make the book more accessible to students as do extra images and maps along with a timeline of key events

Sport in the Cultures of the Ancient World
Zinon Papakonstantinou, 2013-09-13 Sport has been practised in the Greco Roman world at least since the second millennium BC It was socially integrated and was practised in the context of ceremonial performances physical education and established local and international competitions including most famously the Olympic Games In recent years the continuous re assessment of old and new evidence in conjunction with the development of new methodological perspectives have created the need for a fresh examination of central aspects of ancient sport in a single volume This book fills that gap in ancient sport scholarship When did the ancient Olympics begin How is sport depicted in the work of the fifth century historian Herodotus What was the association between sport and war in fifth and fourth century BC Athens What were the social and political implications of the practice of Greek style sport in third century BC Ptolemaic Egypt How were Roman gladiatorial shows perceived and transformed in the Greek speaking east And what were the conditions of sport participation by boys and girls in ancient Rome These are some of the questions that this book written by an international cast of distinguished scholars on ancient sport attempts to answer Covering a wide chronological and geographical scope ancient Mediterranean from the early first millennium BC to fourth century AD individual articles re examine old and new evidence and offer stimulating original interpretations of key aspects of ancient sport in its political military cultural social ceremonial and ideological setting This book was previously published as a special issue of the International Journal of the History of Sport

Democracy and Learning Ralph Ruddock, 1994 [Ancient Greece and Rome](#) Carroll Moulton, 1998 Presents a history of ancient Greece and Rome as well as information about the literature and daily life of these early civilizations

Proceedings of the High School Conference of November 1910-November 1931 Horace Adelbert Hollister, 1921

School & Society James McKeen Cattell, Will Carson Ryan, Raymond Walters, 1926 *Democracy and Money* George C. Bitros, Emmanouil M. L. Economou, Nicholas C. Kyriazis, 2020-07-12 The authors of this book argue that post war fiscal and monetary policies in the U S are prone to more frequent and more destabilizing domestic and international financial crises So in the aftermath of the one that erupted in 2008 they propose that now we are sleepwalking into another which under the

prevailing institutional circumstances could develop into a worldwide financial Armageddon Thinking ahead of such a calamity this book presents for the first time a model of democratic governance with privately produced money based on the case of Athens in Classical times and explains why if it is conceived as a benchmark for reference and adaptation it may provide an effective way out from the dreadful predicament that state managed fiat money holds for the stability of Western type democracies and the international financial system As the U S today Athens at that time reached the apex of its military economic political cultural and scientific influence in the world But Athens triumphed through different approaches to democracy and fundamentally different fiscal and monetary policies than the U S Thus the readers will have the opportunity to learn about these differences and appreciate the potential they offer for confronting the challenges contemporary democracies face under the leadership of the U S The book will find audiences among academics university students and researchers across a wide range of fields and subfields as well as legislators fiscal and monetary policy makers and economic and financial consultants

Annual Review of Political Science ,2008 The mission of Annual review of political science is to provide systematic periodic examinations of the field through critical authoritative reviews The comprehensive critical review not only summarizes a topic but also roots out errors of fact or concept and provokes discussion that will lead to new research activity Each review contains title author s key words abstracts review and bibliography The Dial Francis Fisher Browne,Waldo Ralph Browne,Scotfield Thayer,1915 **Ancient and Medieval History** Carlton Joseph Huntley Hayes,Parker Thomas Moon,1929 **Journal of Education and School World** ,1897 Ancient Greece and Rome: Demeter-Law, Roman Carroll Moulton,1998 Presents a history of ancient Greece and Rome as well as information about the literature and daily life of these early civilizations *Proceedings of the High School Conference of November 1910-November 1931* ,1921 **The Social Studies** ,1925

This Enthralling World of E-book Books: A Detailed Guide Revealing the Pros of E-book Books: A World of Convenience and Versatility E-book books, with their inherent mobility and ease of access, have liberated readers from the constraints of hardcopy books. Gone are the days of lugging bulky novels or carefully searching for particular titles in bookstores.
