Burning Daylight:

Burning day-light Jack London,1910 **The Collected Works** Jack London,2022-11-13 Jack London's *The Collected Works* presents a comprehensive anthology of his most influential writings showcasing the author's mastery of adventure naturalism and social commentary. Ninety-three stories, essays, and novels reflect his vigorous prose style characterized by vivid imagery and fierce emotion. The collection prominently features seminal works like *The Call of the Wild* and *Martin Eden*, encapsulating the struggle against nature and the quest for identity amid the socioeconomic landscapes of early 20th-century America. Through his exploration of primal instincts and the human condition, London effectively engages readers in the moral questions of survival, capitalism, and individualism. Born in 1876 to a working-class family in San Francisco, Jack London's experiences as a gold prospector, sailor, and social activist profoundly shaped his worldview. His firsthand encounters with poverty and the harsh realities of life fueled his passion for writing, leading him to produce works that not only entertain but also provoke thought on human endurance and societal change. London's commitment to portraying the stark truths of life intertwined with his adventurous spirit renders him a pivotal figure in American literature. For readers seeking to delve into the complexities of life's struggles through the lens of an indomitable spirit, *The Collected Works* serves as an essential compendium. This collection invites contemplation on the interrelationship between man and nature while also providing a rich historical context that resonates with contemporary issues. London's timeless narratives promise both excitement and introspection, making this anthology a valuable addition to any literary library.

The Reel Cowboy Buck Rainey,2014-02-28 Movies and books have romanticized the life of the cowboy. To most, the heroes of countless Westerns fall into one of three categories: the strong, silent, asexual deliverer of damsels in distress; the slick and gaudy guitar strummer; and the virile, violent drifter. In truth, real cowboys had little in common with the fictionalized characters of literature and the silver screen. The reel cowboys of yesteryear are recalled in Part One of this work. They make believe West of Gene Autry, Buck Jones, Harry Carey, and many others is contrasted with the real American West. Part Two discusses the many movies based on the writings of Western writers. The works of Zane Grey, Louis L. Amour, Max Brand, Luke Short, Ernest Haycox, and many others have been transformed to the silver screen, often with great success. Next examined are the movies based upon three writers of the great Northwest: James Oliver Curwood, Jack London, and Rex Beach. A concluding section looks at cinema cowboys on the so-called sawdust trail. Will Rogers, Tom Mix, Jack Hoxie were among those reel cowboys who performed in circuses and Wild West shows.
