nation states whether ancient or newly created must examine their constitutional fundamentals to keep their constitutions relevant and dynamic Constitutional change has greater legitimacy when the questions are debated before the people and accepted by them Who are the peoples in this state What role should they have in relation to the government What rights should they have Who should be Head of State What is our constitutional relationship with other nation states What is the influence of international law on our domestic system What process should constitutional change follow In this volume scholars practitioners politicians public officials and young people explore these questions and others in relation to the New Zealand constitution and provide some thought provoking answers This book is recommended for anyone seeking insight into how a former British colony with bicultural foundations is making the transition to a multicultural society in an increasingly complex and globalised world *Indonesian Constitutional Reform, 1999-2002* Denny Indrayana, 2008 **Europe's Justice Deficit?** Dimitry Kochenov, Gráinne de Búrca, Andrew Williams, 2015-04-30 This edited volume brings together contributions by leading academics and young scholars whose work addresses both legal and philosophical aspects of justice in the European context and appraises the existence and nature of the justice deficit in the EU *Post Conflict Democratization. The Role of External Actors in Rebuilding Legitimacy and the Example of Afghanistan* Alessia Rossinotti, 2020-10-26 Master's Thesis from the year 2020 in the subject Politics Topic International relations grade 110 110 cum laude University of Pavia language English abstract This thesis focuses on the role that external actors play in rebuilding one crucial issue that is at stake in these contexts which is the legitimacy of post conflict political systems The analysis will take into account the strategies and programs implemented by external forces specifically by intervening in three key areas transitional governments constitution building processes and elections The case study analyzed in this thesis is the Afghan one particularly complex but fundamental to understand the strategies that these actors adopt in such contexts and the results that can be achieved in countries that recover from conflict After providing a theoretical framework concerning democratization and its features in war torn countries the analysis of the Afghan case will take into account the three areas mentioned above in order to evaluate the impact of external actors in rebuilding legitimacy in the country Historically democratization processes have always attracted the attention of scholars and practitioners However one case of particular relevance especially starting from the end of the Cold War has attracted increasing attention that is the one of countries that went through violent conflict and start their transition to democracy and peace from a situation of violence and instability In such scenarios often external actors notably the United Nations intervene with the aim of supporting the transition towards democratic and peaceful assets However the outcomes of these interventions are often mixed [China, a Sourcebook of Information](#) George Ephraim Sokolsky, 1920 *Policy-Driven Democratization* Peride K. Richardson,1997 Most American citizens are quick to criticize federal bureaucracy for its size and inefficiency They assume it has exceeded the intent of our nation s founders yet men like James Madison and Alexander Hamilton knew that good public administrators were essential to good government William Richardson here examines the origins legitimacy and limitations of public administration from the perspective of the Founders thought He shows that these men especially the authors of The Federalist advocated an energetic public administration as an essential component of government and even considered the emergence of a natural aristocracy of virtuous civil servants The Founders would see the fault of today s federal bureaucracy argues Richardson not as much in its size as in the character of its members Richardson relates the Founders belief that the nation should strive to produce public servants committed to developing character traits such as wisdom and moderation that would exemplify the highest ideals of the republic and thus ensure its survival They anticipated some self interest on the part of administrators but believed it would be held in check by public opinion and the political process To test the success of the Founders ideal Richardson examines both the character of administrators and the role of ethics in forming that character He explores the various plans for educating public leaders throughout American history and looks at how attitudes toward public administration have changed in this century from Woodrow Wilson s scientific ideal to recent proposals to downsize government Among other suggestions Richardson advocates reforming existing institutions by emphasizing character Democracy Bureaucracy and Character is an exercise in legitimizing public administration offering important insights into the Founders thoughts that can be applied to today s debate over government bureaucracy Public administration may be problematic by nature observes Richardson but it is crucial to our form of government Through his analysis we can see that while bureaucracy and democracy have long had an uneasy relationship neither can be effective unless we fully assess the place and purpose of character in the American regime
