**Dialogic Style in Preaching** George W. Swank,1981      **How We Preach** Eben Kanukayi Nhiwatiwa,2016-09-01 This book is the second of two volumes on Preaching in African Context For both seasoned preachers and beginners including students in seminaries Bible colleges and universities this second volume explores how we preach and the practice of contextual preaching in Africa The two volumes go hand in hand and Nhiwatiwa demonstrates that the principles need good practice to become contextual preaching and our practice needs principles to ensure integrity Read these volumes to see why preaching is an urgent aspect of ministry that can open new horizons and give fresh outlook for the future      *Sermon Science* Gregory J. Cizek,2025-04-08 *Sermon Science* brings to bear research and key principles of learning to the development and delivery of sermons This book provides all pastors preachers Sunday school teachers and Bible study leaders with practical applications from the field of instructional design to move those hearing a sermon from mere listening to learning Ultimately the insights gained from *Sermon Science* will aid sermon listeners to more effectively recall retain and apply what they have heard Not a how to book or list of prescriptions *Sermon Science* is a foundational resource for anyone interested in simple elements that can be incorporated to increase sermon impact      **Sharing the Word** Lucy Atkinson Rose,1997-01-01 Lucy Atkinson Rose proposes a nonhierarchical communal relationship between pastor and congregation that questions traditional assumptions of preaching and offers insight from those on the margin and those outside the field of homiletics She invites preachers to practice a style of conversational preaching rooted in connectedness and a sense of mutuality between preacher and worshipers      *Desmond Tutu's Message* H. J. C. Pieterse,2001-01-01 Hendrik J C Pieterse D Th is Professor of Practical Theology at the University of South Africa Pretoria      **A Reader on Preaching** David Day,2017-09-08 Every Sunday all over the world people rise up and claim to speak in the name of God It is an astonishing thing to do and an astonishing claim to make It is small wonder that the sermon has been the focus of debate discussion and investigation It has been dismissed as irrelevant in today s culture and has become the butt of numerous jokes and caricatures Yet the claim persists that these human words in some way can become God s message to these hearers This collection of twenty nine articles by international experts in the area of homiletics coincides with the revival of interest in preaching over the last twenty five years It is practical without being merely tips for preachers and it offers the necessary theoretical discussion for anyone who wants to take the art of preaching seriously No important issue has been omitted and taken as a whole the book constitutes a first class introduction to the principles processes context and theology of preaching Contributors include Walter Brueggemann David Buttrick Fred Craddock Edward Farley John Killinger Richard Lischer Thomas Long Elaine Lawless Jolyon Mitchell Cheryl Sanders and Thomas Troeger      *Preaching in a Context of Poverty* H. J. C. Pieterse,2001 All South Africans are free under the new political dispensation But there is one enormous problem which makes it impossible for most people in this country to achieve and enjoy a good life This obstacle is the problem of poverty

*Preaching that Grabs the Heart* Ernst R. Wendland, 2000 Many scholars have tended to take African Christianity as a given and study its social political economic or ecological implications without coming to terms with the nature and character of African Christian faith A knowledge of how faith is understood at the popular level and how it functions in personal domestic and communal life is essential to this task In this context a significant contemporary Christian movement which has received little attention is studied in depth revival meetings or crusades which are a regular and popular feature of urban life in Malawi

**The Hum** Evans E. Crawford, 1995 Firmly rooted in the black experience this approach to homiletics helps readers understand preaching as an oral event The call response tension in black preaching is what drives the musicality of speech in black churches Crawford refers to this musicality as hum thoughts and leads the reader to a better understanding of this type of preaching and its effects on the congregation Library of Congress Catalogs Library of Congress, 1983 Monographic Series Library of Congress, *Yearbook of the American Baptist Churches in the U.S.A.* American Baptist Churches in the U.S.A., 1982
