

How to Become a Better College Reader

Reading Strategies

College reading is all about strategy. Depending on what you're reading, you'll need to utilize different types of reading and reading techniques, including skimming, scanning and close reading.

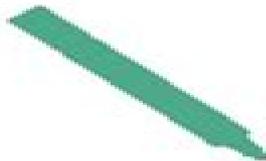

Efficient Reading Tips

In order to become an efficient reader, you need to eliminate the distractions and roadblocks that sometimes cause readers to lose their place, to reread the same lines, or to mentally "check out" from the words and their meanings.

Improve Your Comprehension

Preview the entire document before you start reading. Read a little bit every day. Read with a dictionary nearby. Discuss your reading with friends or classmates.

Improve Memory of Material You've Read

Use your highlighter sparingly. Take notes while you read. Write your own outline.

Web Reading

If you prefer to read on the web, bear in mind that flat screens are better for your eyes than traditional computer monitors. Try to avoid lighting that creates a glare on your screen.
