## **Between Redemption And Doom:**

Between Redemption and Doom Noah William Isenberg, 1999-01-01 *Between Redemption and Doom* is a revelatory exploration of the evolution of German Jewish modernism Through an examination of selected works in literature theory and film Noah Isenberg investigates the ways in which Jewish identity was represented in German culture from the eve of the First World War through the rise of National Socialism He argues that various responses to modernity particularly to its social cultural and aesthetic currents converge around the discourse on community its renaissance its crisis and its dissolution Isenberg opens with a general discussion of German modernism its primary forms movements and manifestations Subsequent chapters on Franz Kafka and Arnold Zweig deal with particular instances of the modern and often ambivalent search for forms of German Jewish identity based on cultural and ethnic community Discussions of Paul Wegener's film *Der Golem* and Walter Benjamin's childhood memoirs explore the culmination of German modernism and the modes through which Jews were identified in mass society Throughout Isenberg shows how Jewish authors and figures confronted the dilemma of self understanding the exigencies of community in the modern world in language culture memory and representation

As German as Kafka Lene Rock, 2019-12-10 Since the turn of the 21st century countless literary endeavors by new Germans have entered the spotlight of academic research Yet minority writing with its distinctive renegotiation of traditional concepts of cultural identity is far from a recent phenomenon in German literature A hundred years previously the intense involvement of German Jewish intellectuals in cultural and political discourses on Jewish identity put a clear stamp on German modernism This book is the first to unfold literary parallels between these two riveting periods in German cultural history Drawing on the philosophical oeuvre of Jean Luc Nancy a comparative reading of texts by amongst others Beer Hofmann Kermani Zdamar Roth Schnitzler and Zaimoglu examines a variety of literary approaches to the thorny issue of cultural identity while developing an overarching perspective on the politics of literature
