Cases In Operations Management:

Cases in Operations Management Robert D. Klassen, 2006 The Ivey Casebook Series is a co publishing partnership between SAGE Publications and the Richard Ivey School of Business at The University of Western Ontario Due to their popularity in more than 60 countries approximately 200 new cases are added to the Ivey School of Business library each year Each of the casebooks comes equipped with instructor s resources on CD ROM These affordable collections will not only help students connect to real world situations but will benefit corporations seeking continued education in the field as well Cases in Operations Management Building Customer Value Through World Class Operations is unique in its strong grounding in real world decisions The cases are structured into six chapters each of which offers an overview of key concepts Given that most managers will need to function effectively in an international context the cases draw from challenges faced by experienced managers in such varied settings as China France India Italy Japan the Netherlands Trinidad Vietnam and others in addition to the United States and Canada These cases continue to illustrate basic concepts while expanding students understanding of economic political and cultural concerns that must be interwoven into such key areas as process design quality and supply chain management The following are represented in this casebook Strong decision orientation of real world cases Clear development of the link between business processes and customer value Diversity of international case settings Mixture of cases simulations and in class exercises Includes Instructors Resources on CD ROM with detailed 6 10 page casenotes for each case preparation questions for students to review before class discussion questions and suggested further readings The IVEY Casebook Series Cases in Business Ethics Cases in Entrepreneurship Cases in Gender Diversity in Organizations Cases in Operations Management Cases in Organizational Behavior Cases in the Environment of Business Cases in Alliance Management Mergers and Acquisitions Text and Cases Cases in Operations Management Robert Johnston, 2003 The third edition of this clearly structured case book has been expanded and updated and includes an introduction to the analysis of operations management cases Key areas of operations management are dealt with including new areas such as operations strategy performance measurement and TPM **Cases in Operations Management** K. N. KRISHNASWAMY, M. MATHIRAJAN, 2008-08-18 This book is intended to enhance the knowledge of MBA students in Operations Management acquired in a basic level course The case study material covered relates to a wide spectrum of management activities and deals with the application of statistical operations research and system analysis methods to problems categorized under several headings The book can therefore be used in conjunction with a course in Operations Management or as an independent second course Thirty one real world cases in the book are the result of several years of research work by the authors including consultancy assignments doctoral dissertations and project assignments of graduate management students The cases are research oriented and encourage students to think rigorously in an environment of uncertainty of a real world situation The cases are comprehensive enough to drill students in devising alternative methods of

solutions and arm them with a deep understanding of decision making processes instead of merely providing them with a general appreciation of managerial perspective These realistic cases help in learning applications of quantitative and analytical techniques of management bringing home to the student the challenges of managing activities throughout the organization Though a new title it is an enlarged version of Dr Krishnaswamy s earlier book *Cases in Production Operations Management* *Cases in Operations Management* ,1993 *Cases in Operations Management* Robert Johnston,1993-01-01 *Operations Management* Roger G.
