Count Dracula:

A Monster Ate My Homework Arne Christiansen,1995 **Dracula** Bram Stoker,2010-12-01 Since its publication in 1897 Dracula has enthralled generation after generation of readers with the same spellbinding power with which Count Dracula enthralls his victims Though Bram Stoker did not invent vampires and in fact based his character s life in death on extensive research in European folklore his novel elevated the nocturnal creature to iconic stature spawning a genre of stories and movies that flourishes to this day But a century of imitations has done nothing to diminish the power of Stoker s tale As his chilling suave monster stalks his prey from a crumbling castle in the Carpathian Mountains of Transylvania to an insane asylum in England to the bedrooms of his swooning female victims the drama is infused with a more and more exquisite measure of sensuality and suspense Dracula is a classic of Gothic horror an undying wellspring of modern mythology and an irresistible entertainment
