Counter-currents Sophie Winthrop Weitzel,1888 Imagining Alternative Worlds Christoffer Kølvråa, Bernhard Forchtner,2024-11-11 Imagining Alternative Worlds explores how the far right employs fictionality as a powerful political tool in the 21st century It does so by examining the far right s own cultural production and commentary through a large collection of its novels novellas short stories and film reviews illustrating how the alternative worlds articulated in such cultural products convey its ideology More specifically the book identifies and analyses four distinct far right cultural imaginaries a primordial a nostalgic a promethean and a nihilist one that each subtly conveys different yet linked ideas about space time race gender and heroic identity By drawing attention to the cultural heterogeneity of the contemporary far right Imagining Alternative Worlds offers key insights into the dreams identities and norms such actors hope will define our future The book will be of interest to researchers of the far right of literary media and communication studies and of social and cultural history

Counter-currents Sophie Winthrop Weitzel,1888 **Counter-Currents** Agnes Repplier,1916 **The Rise of the Alt-Right** Thomas J. Main,2018-07-31 What is the Alt Right and how will it affect America Donald Trump s election as president in 2016 suddenly brought to prominence a political movement that few in political circles or the mainstream media had paid much attention to the so called Alt Right Steven Bannon Trump s campaign manager was a leading figure in the movement and the election results seemed to give it a real opportunity to gain some political power But what is the Alt Right Is it a movement a theory a trend or just an unorganized group of people far outside of what used to be the political mainstream in America Or could it be all of these things Why has it suddenly emerged into prominence What impact is it having on American politics today and what are the prospects for the Alt Right in the future Through careful research and analysis The Rise of the Alt Right addresses these and other questions tracing the movement s history from the founding of modern conservatism in postwar America to the current Trump era Although the Alt Right might seem to be just the latest extremist group to arise in the United States one likely to take its place in the graveyard of its many predecessors Thomas J Main analyzes evidence that the Alt Right is having a greater influence on the American political mainstream than did past extremist tendencies The Rise of the Alt Right is thus an important study for anyone interested in the future of American politics and public life
