Olson,2018-04-12 The term cult film may be difficult to define but one thing is certain A cult film is any movie that has developed a rabid following for one reason or another From highly influential works of pop art like *Eraserhead* and *Faster Pussycat Kill Kill* to trash masterpieces such as *Miami Connection* and *Fateful Findings* thousands of movies have earned recognition as cult classics over the years and new movies rise to cult status every year So how do viewers searching for the best or most important cult films decide where to start In *100 Greatest Cult Films* Christopher J Olson highlights the most provocative intriguing entertaining and controversial films produced over the last century The movies included here have either earned reputations as bona fide cult classics or have in some way impacted our understanding of cult cinema often transcending traditional notions of good and bad while featuring memorable characters unforgettably shocking scenes and exceptionally quotable dialogue With detailed arguments for why these films deserve to be considered among the greatest of all time Olson provides readers fodder for debate and a jumping off point for future watching A thought provoking and accessible look at dozens of cinematic treasures this resource includes valuable information on the films creators and institutions that have shaped cult cinema Ultimately *The 100 Greatest Cult Films* offers readers from casual cinephiles film scholars and avid fans alike a chance to discover or re discover some of the most memorable films of all time *Living with Zombies* Chase Pielak,Alexander H. Cohen,2017-01-30 Depictions of the zombie apocalypse continue to reshape our concept of the walking dead and of ourselves The undead mirror cultural fears governmental control lawlessness even interpersonal relationships exposing our weaknesses and demanding a response or safeguard even as we imagine ever more horrifying versions of post apocalyptic life This critical study traces a shift in narrative focus in portrayals of the zombie apocalypse as the living move from surviving hypothetical destruction toward reintegration and learning to live with the undead **Harming Future Persons** Melinda A. Roberts,David T. Wasserman,2009-07-31 Melinda A Roberts and David T Wasserman 1 Purpose of this Collection What are our obligations with respect to persons who have not yet and may not ever come into existence Few of us believe that we can wrong those whom we leave out of existence altogether that is merely possible persons We may think as well that the directive to be fruitful and multiply and replenish the earth 1 does not hold up to close scrutiny How can it be wrong to decline to bring ever more people into existence At the same time we think we are clearly obligated to treat future persons persons who don t yet

but will exist in accordance with certain stringent standards Bringing a person into an existence that is truly awful not worth having can be wrong and so can bringing a person into an existence that is worth having when we had the alternative of bringing that same person into an existence that is substantially better We may think as well that our obligations with respect to future persons are triggered well before the point at which those persons commence their existence We think it would be wrong for example to choose today to turn the Earth of the future into a miserable place even if the victims of that choice do not yet exist
