The Fox and the Bantam Hen Delos Dale Fidler,2021-12-21 Many of the events described in this book except for the murder and subsequent investigation have their parallels in this life The writing of this book is something of a catharsis in dealing with this pain This is a fictional account of dishonesty malfeasance of duty by trusted public officials hardships placed on honest people by dishonest officials and subsequent consequences suffered not by those officials but by the people they serve Although this is a fictional account the reader will recognize the traits illustrated in this story by officials foreign and domestic This is not a book to give legal advice accounting procedures business decisions nor how to run a hotel The opinions expressed in this

work of fiction are solely those of the characters expressing them
