Cosmic Art and Other Addresses Charles N. Spencer, 1913 *Omnidoxy* Cometan, Astronist Institution, 2019-02-11

The *Omnidoxy* is the founding treatise of the Astronist religion and was solely authored by the philosopher and religious founder Cometan. Partitioned into twelve disquisitions each of which are further divided into hundreds of discourses which are themselves titled by those which are known as rubrals. The *Omnidoxy* has been codified according to a unique writing structure known as insentence. The *Omnidoxy* not only forms the foundations of Astronism but it remains the primary modern contributor and the book that ignited the establishment of the Astronic tradition of religion which encompasses the philosophy of Astronism. Introducing brand new philosophical concepts such as cosmocentricity, reascensionism, transcensionism, and sentientism amongst many others. The *Omnidoxy* remains the principal signifier of a new era in philosophy. The *Omnidoxy* births hundreds of new belief orientations, schools of thought, neologisms, disciplines of study, theories, and concepts which when combined and considered collectively have formed the basis of Astronism. The authorship of *The Omnidoxy* rests with the single individual philosopher Cometan who began writing *The Omnidoxy* at the age of seventeen, driven by what he terms as personal inspiration. The historical origination of *The Omnidoxy* rests in its authorship by Brandon Taylorian during early 21st century England, specifically in the northern county of Lancashire. Like in all textual criticism, the timing and location of the codification of *The Omnidoxy* is integral to understanding why and how it was written, especially by considering the influential factors impacting Taylorian during his construction of the text, particularly the cultural, political, religious, and social contexts of Taylorian's personal life and of wider society at the time. This forms an important branch of study within omnidoxiology, known as omnidoxical criticism or omnidoxical exegesis, in which scholars study and investigate *The Omnidoxy* in order to discern conclusive judgements inspired by how, where, why, by whom, for whom, and in what circumstances *The Omnidoxy* was written.

The Tridoxy Cometan, Cometan the Wondermenter, 2019-04-13. *The Tridoxy* comprises of a series of short philosophical discourses forming the third disquisition of the one million word long philosophical treatise known as *The Omnidoxy*, solely authored by Cometan, which is the founding book of the philosophy of Astronism. *The Tridoxy* has been designated the inclusive discipline of abettology, which encompasses the study of both aid and the nature, forms, and applications of stewardship. In the omnidoxical style, *The Tridoxy* is written according to the structure of insentence; its discourses are titled by rubrals, and it comprises of a number of unique terms, newly introduced concepts, beliefs, and notions that form the Astronist approach to understanding the ideas of aiding and stewarding, the latter of which holds particular importance as it is applied to the context of *The Cosmos* and space exploration. *The Tridoxy* covers a wide range of philosophic subjects, including ethics, epistemology, and logic, whilst simultaneously introducing its own unique disciplines of study and areas of contemplation. Despite being one of the shortest disquisitions of the twelve that form *The Omnidoxy*, *The Tridoxy* demonstrates an importance granted to the notions of aiding

others the different forms and manifestations of aid as well as the ethics of aiding and stewarding Solely authored by the mononymous autodidactic philosopher Cometan The Tridoxy presents itself as a short interlude between much larger disquisitions that formulate The Omnidoxy **Psychic** ,1974 The Cosmic Art of Clint Cary Greg Longway,2021-10-02 In The Cosmic Art of Clint Cary you can experience the first hand account of Clint Cary an artist who boarded a UFO twice and came back to paint visions from the extraterrestrial world Part I Tells the story of legendary San Diego artist Clint Cary as he shares his two fantastic journeys to another planet and the message he brought back from the higher dimension Part II Contains rare paintings depicting his experiences in the higher worlds Discover The planet Rillispore a 5th dimensional world where wonderfully strange and highly evolved animal life can communicate telepathically with the inhabitants A place where trees grow thousands of feet high and giant foliage like the Mahalala plant sends it s etheric fragrance out signaling a planet wide festival celebrating spiritual rapture Learn about the Fountain of Awl a massive Rillisporian landmark where plumes of different colored water shoot skyward creating fantastic varied mists as the colors intermingle How the 5th dimensional planet has a light source which enables the inhabitants to see an enlarged visual spectrum that includes ultraviolet and infrared colors Colors which are invisible to the human eye on Earth To approximate his expanded visual experience in the 5th dimension Clint Cary created a style of blacklight painting that was unique and mind blowing years before blacklight paintings became popular in the general population How the aliens revealed Earth s past history our connection to the red planet Mars and insights into the recurring planetary event known as Lycillus Apum the period when Earth s gravitational force is flipped and chaos ensues Why Clint Cary was picked to visit this extraterrestrial dimension and the critical message he brought back for mankind from the wisest being on Rillispore Marchand Share the journey and see the incredible Cosmic Art that was created **Quest** ,1913 East & West ,1915 **The Theosophist** ,1914 **American Artists** Ivan Narodny,1929 **The Annual Register** Edmund Burke,1914 Continuation of the reference work that originated with Robert Dodsley written and published each year which records and analyzes the year s major events developments and trends in Great Britain and throughout the world From the 1920s volumes of The Annual Register took the essential shape in which they have continued ever since opening with the history of Britain then a section on foreign history covering each country or region in turn Following these are the chronicle of events brief retrospectives on the year s cultural and economic developments a short selection of documents and obituaries of eminent persons who died in the year **Continuity of Life a Cosmic Truth** William Maynard Lockwood,1902 *Anthroposophy* ,1927 **The Quest** ,1913 **Art, as Release of Power** Dane Rudhyar,1930 **The Builder** ,1901 **Musical America** ,1916 The Twentieth Century Magazine Benjamin Orange Flower,Charles Zueblin,1910 **Alexander the Great.
