## **Doll Trilogy:**

**The Doll Trilogy** Ray Lawler, 1984 The Doll Trilogy (Series of Plays by Ray Lawler), **Merriam-Webster's Encyclopedia of Literature** Merriam-Webster, Inc, 1995 Describes authors works and literary terms from all eras and all parts of the world Man Doll and Woman Doll Strike Back - The De-construction of 1960s American Consumer Culture in Jean-Claude von Itallie's "Motel" Peter Brüstle, 2007-03-19 Seminar paper from the year 2005 in the subject American Studies Culture and Applied Geography grade 1 3 University of Freiburg Institut für Nordamerikastudien course Modern and Postmodern American Drama language English abstract It was then that began our extensive travels all over the states To any other type of tourist accommodation I soon grew to prefer the Functional Motel clean neat safe nooks ideal places for sleep argument reconciliation insatiable illicit love Vladimir Nabokov Lolita In her very recent dissertation Kerstin Schmidt describes van Itallie's plays as being among the most innovative theatrical forms to have been developed in the second half of the 20th century 87 Motel one of his most aggressive plays has not lost its significance more than 40 years after its first performance As in the 1960s its mixture of violence political satire and theatrical innovation is still of relevance to present day audiences A similar combination of postmodern violence commodity fetishism and crisis of identity has for example been adopted by the British in-yer-face theatre of the 1990s 1 As far as literary criticism is concerned there have been publications by three significant authors on Jean Claude van Itallie's Motel The most profound are Gene A Plunka's writings in which he works out the influence of Jean Artaud's The Theater and its Double on van Itallie's plays and especially on Motel Another informative contribution have been Herbert Grabes two essays on the possibilities of social critique and on myth and myth destruction in Motel Only lately Kerstin Schmidt in her dissertation has contributed to a new critical discussion of the America Hurrah trilogy in the context of postmodern theory All three authors interpret the two dolls destructive behavior as impersonations of America's latent aggression and as advent of a posthumanist culture Schmidt 125 the 1960s While Plunka praises Motel for its sharp wittedness Grabes questions the ability of the play to criticize existing social conditions Especially does he condemn the play for its Spenglerian Determinism Kerstin Schmidt's approach on the other hand opens new aspects on Motel with her focus on the representation of the postmodern sense of identity in the play Altogether however the authors agree that Man doll and Woman doll symbolize the self destructive forces within American society Hence they see the two dolls not so much as active agents but as passive victims of postmodern American society From this perspective the play must be read as a dark satire on American society which hardly leaves any hope for social change The Oxford Guide to Plays Michael Patterson, 2007 Anyone with an academic professional amateur or recreational interest in the theatre is likely to want to look up details of particular plays sometimes perhaps to check on the author or on when they were first performed or perhaps to see how many characters they have and whether or not they would be suitable for their theatre company or drama group to perform The Oxford Dictionary of Plays provides essential information on the 1000 best known best loved and

most important plays in world theatre Each entry includes details of title author date of composition date of first performance genre setting and the composition of the cast and more A synopsis of the plot and a brief commentary perhaps on the context of the play or the reasons for its enduring popularity follow Around 80 of the most significant plays from The Oresteia to Waiting for Godot are dealt with in more detail Genres covered include burlesque comedy farce historical drama kabuki masque melodrama morality play mystery play No romantic comedy tragicomedy satire and tragedy An index of characters enables the reader to locate favourite characters and trace the trajectory of major historical and legendary characters such as Iphigenia through world drama including in plays that do not have entries in the Dictionary An index of playwrights with dates allows the reader to find all the plays included by a particular author

**A Question of Commitment** Susan Lever,2020-07-29 In the years since the Second World War Australia has seen a period of literary creativity which outshines any earlier period in the nation s literary history This creativity has its beginnings in the arguments and alignments which emerged at the end of the War and the changes in perceptions of art and society which occurred during the fifties and early sixties A Question of Commitment examines the attitudes of writers as diverse as James McAuley Frank Hardy Judith Wright Patrick White and A D Hope as they responded to a changing Australian society during the postwar years Through their work and that of many others it considers the debates about literary nationalism the artistic politics of the Cold War the threat of technology to art in the Atomic Age and the nature of the writer s role in the new society It documents the way in which the political commitments of some writers and the resistance to commitment of others were challenged by political and social changes of the late fifties Susan McKernan s lively exploration of Australia s writers in a time of innovation provides the reader with the context needed to understand the creative choices they made and in so doing introduces wider intellectual and cultural issues which remain relevant to this day
