### **Creative Evolution (Jovian Press) Henri**

Bergson,2017-06-22 The most famous and influential work of distinguished French philosopher Henri Bergson Creative Evolution features the fullest expression of the philosopher s ideas about the problem of existence propounding a theory of evolution completely distinct from those of earlier thinkers and scientists In discussing the meaning of life Bergson considers the order of nature and the form of intelligence including the geometrical tendency of the intellect and examines mechanisms of thought and illusion In addition he presents a critique of the idea of immutability and the concept of nothingness from Plato and Aristotle through the evolutionism of his contemporaries Bergson s influence on Marcel Proust and other twentieth century writers renders a grasp of his theories imperative to students of literature as well as philosophy Historians of science and other readers will also appreciate the importance of this milestone in philosophical and evolutionary thought

### **Creative Personality** Ralph Tyler Flewelling,1926      *Creative evolution* Henri Bergson,1911      Creative Evolution

Henri Bergson,2020-01-09 In Creative Evolution Henri Bergson presents a revolutionary perspective on the nature of life and consciousness positing that evolution is not merely a mechanistic process but a dynamic and creative force Employing a rich philosophical prose style Bergson weaves intricate arguments that challenge the reductionist views of his contemporaries drawing from insights in biology metaphysics and the philosophical implications of time He introduces the concept of *lan vital* a vital impetus that propels life forward thereby infusing a sense of purpose and creativity in the evolutionary process marking a significant departure from traditional Darwinism Bergson a French philosopher and Nobel laureate was deeply influenced by the events of his time including the rise of scientific rationalism and the existential questioning of human experience His academic journey juxtaposed psychology biology and philosophy allowing him to explore the intersection of these fields and ultimately shaping his unique philosophical outlook Creative Evolution stands at the crossroads of 20th century thought positioning Bergson as a pivotal figure advocating for the understanding of life as a creative phenomenon This book is a must read for anyone interested in the philosophical underpinnings of evolution the nature of consciousness and the interplay between science and spirituality Readers will find both intellectual rigor and poetic insight in Bergson s
