## **Crime Control And Social Justice The Delicate Balance:**

**Crime Control and Social Justice** Darnell F. Hawkins, Samuel Myers, Randolph N. Stone, 2003-06-30 This collection examines the perennial tension between society's need to protect its citizens from crime while assuring that the crime control and reduction measures that it enacts do not deny basic rights or exacerbate the socioeconomic inequality that gives rise to disparate rates of offending. Such tension exists in all modern societies but it has been particularly evident in the United States a nation whose history manifests both group inequality and an ongoing effort to reduce such inequality assure fairness equal protection and due process for individuals. Focusing largely on developments in criminal justice policies and practices enacted during the last few decades the essays in this volume explore the delicate balance between governmental crime control efforts and professed goals of promoting social justice and protecting civil liberties. Representing disciplines ranging from criminology to economics geography law sociology and political science the contributors critically examine and debate the nature and impact of recent and contemporary American criminal justice policies. Particular attention is paid to the impact of such policies on the nation's racial divide but the authors use this disparity to illustrate the broader public policy paradoxes and dilemmas which lie at the heart of the struggle to control rising crime rates. Purported reforms in sentencing the nation's growing prison population the war on drugs and gangs the demise of juvenile court racial profiling and affirmative action are all grist for the mill. Contributors also ask more philosophical and epistemological questions such as the meaning of social justice fairness and justice and their relevance for understanding contemporary criminal justice.

[The Politics of Crime Prevention](#) Kevin H. Wozniak, 2023-06-13 The Politics of Crime Prevention explores American public opinion about community investment designed to address the root causes of crime and examines the politics of crime prevention funding such as the defund the police debate.

**Social Justice, Criminal Justice** Cyndy Caravelis, Matthew Robinson, 2015-12-14 Social Justice Criminal Justice is a thought provoking examination of the U S legal system focusing on how criminal justice and social justice are related. The book provides a solid foundation of key philosophical and theoretical issues and goes on to examine the function of the law as it relates to social justice issues. The authors present and explain the foundational legal documents of the United States and critically examine how those same documents which espoused the rhetoric of equality for all contribute toward the perpetuation and maintenance of a system of exclusion for groups with minority status such as racial and ethnic minorities the poor women and the LGBT lesbian gay bisexual transgender community. Succinct but comprehensive this text offers a careful examination of possible relationships between social justice theory and criminal justice practice and illuminates the role that the legal system has played in both preventing and assisting social change and power dynamics. For each identified group important landmark court decisions are used to demonstrate the plight of the powerless and the quest for equal rights. The book provides an important perspective and understanding of the relationships among criminal justice social justice and the law. Suitable for undergraduate and early graduate courses in

Social Justice Justice Studies Critical Issues Ethics and American Government and Law this text provides easily digestible content for those interested in thinking critically about the U S legal system **The Many Colors of Crime** Ruth D. Peterson, Lauren J. Krivo, John Hagan, 2006-08 Considering race and ethnicity as organising principles in why how where and by whom crimes are committed and enforced this volume argues that dimensions of race and ethnicity condition the very laws that make certain behaviours criminal and the determination of who becomes a victim of crime under which circumstances The Encyclopedia of Police Science Jack R. Greene, 2007 First published in 1996 this work covers all the major sectors of policing in the United States Political events such as the terrorist attacks of September 11 2001 have created new policing needs while affecting public opinion about law enforcement This third edition of the Encyclopedia examines the theoretical and practical aspects of law enforcement discussing past and present practices *Encyclopedia of Police Science* Jack Raymond Greene, 2006-10-23 In 1996 Garland published the second edition of the Encyclopedia of Police Science edited by the late William G Bailey The work covered all the major sectors of policing in the US Since then much research has been done on policing issues and there have been significant changes in techniques and in the American police system Technological advances have refined and generated methods of investigation Political events such as the terrorist attacks of September 11 2001 in the United States have created new policing needs while affecting public opinion about law enforcement These developments appear in the third expanded edition of the Encyclopedia of Police Science 380 entries examine the theoretical and practical aspects of law enforcement discussing past and present practices The added coverage makes the Encyclopedia more comprehensive with a greater focus on today s policing issues Also added are themes such as accountability the culture of police and the legal framework that affects police decision New topics discuss recent issues such as Internet and crime international terrorism airport safety or racial profiling Entries are contributed by scholars as well as experts working in police departments crime labs and various fields of policing **Criminal Justice Newsletter** ,2003 2004 Stanford Law Review Symposium ,2004 Criminal Justice Review ,2005 **Images of Color, Images of Crime** Coramae Richey Mann, Marjorie Sue Zatz, 1998 This edited volume of 22 original essays explores the dynamics of race ethnicity crime and the criminal justice system in the U S today The book is unique in that it gives equal attention to the linkages between images of Latinos and Latinas Asian Americans and Euro Americans The contributors to this volume stress the diversity of experiences within racial ethnic groups based on gender class national origin and heritage **Annual Report** American Bar Foundation, 2002 **Crime and Social Justice** ,1983 **Hastings Journal** ,2013 **Punishment and Inequality in America** Bruce Western, 2006-05-25 Over the last thirty years the prison population in the United States has increased more than sevenfold including vastly disproportionate numbers of minorities and people with little education Almost 60 percent of black male high school dropouts in their early thirties have spent time in prison Once college or the military were the formative institutions in young men s lives but prison has increasingly usurped that role in many

communities While many people support the increase in incarceration because of reductions in crime in the 1990s the author shows that the swelling prison population only explains one tenth of the fall in crime and has come at a significant cost The strong relationship between incarceration and severely dampened economic prospects for former inmates is also explored

Juvenile Law Violators, Human Rights, and the Development of New Juvenile Justice Systems Eric L. Jensen, Jørgen Jepsen, 2006-10 This book throws new light on developments in the parameters of juvenile offending and public and political demands for security and intervention

**Social Organization of Law** Austin Sarat, 2004 Austin Sarat's *The Social Organization of Law* Introductory Readings begins with a simple premise law seeks to work in the world to order change and give meaning to society and describes legal processes as socially organized This book connects legal studies to the study of society in two different senses First the readings highlight law's responsiveness to various dimensions of social stratification They also draw attention to the questions of when why and how legal decisions and actions respond to the social characteristics e.g. race class and gender of those making the decisions as well as those who are subject to them These questions inevitably raise issues of justice and fairness highlighting the moral dimensions of legal life Second Sarat treats law itself as a social organization emphasizing the complex relations between its various component parts e.g. judges and jurors police and prosecutors appellate courts and trial courts The book examines the traditional subject of professional legal study namely appellate court opinions and describes some of the most pressing controversies of legal interpretation while questioning how those opinions take on meaning in social life Sarat also questions whether those at the top of law's bureaucratic structure effectively control the behavior of others in the legal system's chain of command This anthology provides accessible up to date materials such as readings on terrorism and the challenges it poses to law racial profiling and gay rights juxtaposed to the classics of the field Introductions to each reading along with the notes and questions written by the author unpack the issues and engage students enabling them to link the material from one chapter to another Additional suggested readings provide stimulus for further inquiry *The Social Organization of Law* offers students a broad perspective that treats law as a set of institutions and practices combining moral argument distinctive interpretive traditions and the social organization of violence

The Hastings Law Journal, 2012

**Encyclopedia of American Civil Rights and Liberties** Otis H. Stephens, John M. Scheb II, Kara Elizabeth Stooksbury, 1997

"Eyes on the Ought to Be" Kirk Branch, 2007 This book explores tensions surrounding the teaching of literacy in three settings of nontraditional adult education correctional education vocational education and the Highlander Folk School What literacy is supposed to do and thus what it means varies widely across these discourses At its center of the book is the belief that teachers and scholars must understand the worlds toward which they and the institutions they teach within aspire to create through the process of education

Crime and Justice Michael H. Tonry, 2008 The research presented in volume 37 of *Crime and Justice* is essential reading for scholars policy makers and criminal justice practitioners who need an authoritative review of current

developments on crime its causes and its consequences Through an international and disciplinary approach to core issues in criminology the essays analyze important developments in the criminal justice system to enhance the work of sociologists psychologists criminal lawyers justice scholars and political scientists BOOK JACKET
