Sjoquist, 2005 No police force in history has gained as much fame and notoriety as the Los Angeles Police Department The acronym LAPD is practically synonymous with the idea of professional law enforcement The men in blue who patrol Hollywood and the sprawling metropolis of L A have been investigated by screenwriters more times than vice versa With more than 9 300 sworn officers today the LAPD endures seemingly endless controversies and media circuses But then there s the other side of L A s protective shield the story of the force s evolution alongside the spectacular growth of its unique melting pot city This book s rare and often never before published photographs focus on that side the excitement danger tragedy and comedy of everyday beat cops and workaday detectives with concessions to their limelight representations including Jack Webb s Dragnet and Adam 12      Criminology Frederick Emory Haynes, 1930      Policing Empires Julian Go, 2024 The police response to protests erupting on America s streets in recent years has made the militarization of policing painfully transparent Yet properly demilitarizing the police requires a deeper understanding of its historical development causes and social logics Policing Empires offers a postcolonial historical sociology of police militarization in Britain and the United States to aid that effort Julian Go tracks when why and how British and US police departments have adopted military tactics tools and technologies for domestic use Go reveals that police militarization has occurred since the very founding of modern policing in the nineteenth century into the present and that it is an effect of the imperial boomerang Policing Empires thereby unlocks the dirty secret of police militarization Police have brought imperial practices home to militarize themselves in response to perceived racialized threats from minority and immigrant populations      Keys to Crookdom George Cochran Henderson, 1924      **The Encyclopedia of Police Science** William G.
