## **Criminal Masterminds:**

Criminal Masterminds Charlotte Greig, 2005-06-01 Thinking big and thinking bad fifty of the world's most notorious criminal masterminds have lied, cheated, murdered and swindled their way onto the pages of this book. Many of these miscreants had the brains and charisma to be successful in legitimate walks of life yet they chose to take a different path, a path that perhaps got them richer more quickly, certainly in the cases of mobster Al Capone, robber Ronnie Biggs and drug baron Howard Marks, but which ultimately was to lead to their downfall. The impetus to cross the moral boundary into criminal territory is not provided just by a desire for great wealth; however, as this compelling narrative reveals, consider the motivation of spies such as the Cambridge Four, terrorists such as Osama bin Laden and Carlos the Jackal, and outlaws such as Bonnie and Clyde. The aims of such individuals transcend the merely material. Their criminality is driven by a need to exert power and then experience the thrill the exerting of this power brings in its wake. *Criminal Masterminds* provides a fascinating insight into the careers and character flaws of the most audacious reprobates that have come to the attention of the world's lawmakers. It will entertain, astound, and sometimes shock you. It might even give you ideas. **Criminal**

**Masterminds** Anne Williams, Vivian Head, Sebastian C. Amongst others, it features Kim Philby, who was a senior officer in the British Intelligence Service for 10 years but was actually an agent for the Soviet KGB. *Mindset Training For The Criminal Mastermind* Deacon Weeks, *Mindset Training for The Criminal Mastermind* is the instruction you need to move from low-level thug to top dog. If you have ever wondered what it takes to enter the ranks of this elite club, wonder no more. There are practical and applicable pieces of advice that are imperative for anyone seeking the status of Criminal Mastermind, and it is a fun read for the average citizen, too.

**Evil Genius** Roger Harrington, 2017-06-06. EVIL GENIUS Criminal Masterminds: Their Wicked Deeds. Whilst many criminals, particularly in fiction, are depicted as being of below-average intelligence, there are a few individuals who would be better described as being criminal geniuses. Their crimes are frequently both daring in their planning and ingenious in their concealment and are remembered long after they have been solved. Although the types of crime involved may vary, these crimes are frequently explored in popular fiction. People are simply fascinated with learning more about the minds behind these sensational crimes. But when you investigate the historical facts of these crimes and learn how they were conceived and enacted, the ingenuity of the people involved can be properly understood. The criminal geniuses in this book have all used their intelligence and criminal creativity to solve problems for their own personal gain. This could be for daring acts of robbery that the security of the time had not anticipated or for cruel acts of murder which they could commit without being detected.
