## **Burning Shore:**

Killing Shore K. A. Nelson, 2024-04-04 I thought that this was going to be another of those books puffing up the American side of WWII. It most certainly isn't. K. A. Nelson tells an interesting story illuminating a theatre of the North Atlantic campaign that has been comparatively neglected and he tells it well. Recommended. *The Naval Review* It is January 1942. Six weeks after the United States entered World War II, Imperial Japan is annihilating American forces across the Far East while the Nazis stand triumphant over much of Europe. Adolf Hitler's forces are about to commence an assault along the East Coast of the United States, but this Atlantic Pearl Harbor would prove far more devastating than Japan's attack on Hawaii. The wolves are closing in and few Americans realize their beaches and coastal cities are about to witness the worst naval defeat in American history. The Western Hemisphere holds the key to victory for the beleaguered Allies, but only if the vast economic and military resources of North and South America can be carried across the Atlantic by Allied merchant ships. These civilian-manned cargo vessels are the backbone of the American war economy and the lifeline enabling Britain and the Soviet Union to survive, but Hitler's favorite admiral also knows this and he has set in motion a plan of unprecedented boldness. Germany's dreaded submarines or U-boats are going to the United States. The fiery months that followed would pit American servicemen against German U-boat sailors in a desperate struggle that stained East Coast waters with oil and blood. In the crosshairs of this deadly cat and mouse game was a stalwart contingent of civilian mariners who crewed the tankers and freighters supplying the war against the Axis Powers. Thousands of them would perish as hundreds of merchant ships were sunk. Every American coastal state became a battlefield in 1942 and the events that transpired off New Jersey illustrate the perils and brutality of this forgotten campaign. The seafloor along the Garden State is today strewn with shipwrecks that bear witness to the innumerable ways to die faced by friend and foe alike, only miles from the boardwalk. Though these seafarers' lives were forfeit, the battle they fought would decide the fates of millions.

**A Literary History of the American West** Western Literature Association (U.S.), 1987. Literary histories of course do not have a reason for being unless there exists the literature itself. This volume, perhaps more than others of its kind, is an expression of appreciation for the talented and dedicated literary artists who ignored the odds, avoided temptations to write for popularity or prestige, and chose to write honestly about the American West, believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance.

**The Travelling Rabbi** Moshe Silberhaft, Suzanne Belling, 2012. Annotation: Tracing the journeys of the Travelling Rabbi, this book highlights Rabbi Silberhaft's invaluable work in Africa, from caring for the graves of the forgotten and performing wedding ceremonies to providing kosher food and religious insight to various communities. Including numerous stories, some tragic, others humorous, but always fascinating, this memoir is a celebration of the resilient people he

encounters and a permanent record of the Jewish communities and personalities who would otherwise be forgotten

**The Forgotten Songs of the Newfoundland Outports** Anna Kearney Guigné, 2016-12-12 In 1951 musician Kenneth Peacock 1922 2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to collect folksongs in Newfoundland As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum's meager Anglophone archival collections Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection *Songs of the Newfoundland Outports* 1965 As the publication consists of over 1000 pages *Outports* is considered to be a bible for Newfoundland singers and a valuable resource for researchers However Peacock's treatment of the material by way of tune text collations use of lines and stanzas from unpublished songs has always been somewhat controversial Additionally comparison of the field collection with *Outports* indicates that although Peacock acquired a range of material his personal preferences frequently guided his publishing agenda To ensure that the songs closely correspond to what the singers presented to Peacock the collection has been prepared by drawing on Peacock's original music and textual notes and his original field recordings The collection is far ranging and eclectic in that it includes British and American broadsides musical hall and vaudeville material alongside country and western songs and local compositions It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs In this sense it provides a key link between what Peacock actually recorded and the material he eventually published As several of the songs have not previously appeared in the standard Newfoundland collections *The Forgotten Songs* sheds new light on the extent of Peacock's collecting The collection includes 125 songs arranged under 113 titles along with extensive notes on the songs and brief biographies of the 58 singers Thanks to the Research Centre for the Study of Music Media and Place a video of the launch event held in St John's Newfoundland is available at <https://www.youtube.com/watch?v=ghj6E6QiLI> t 21s Published in English
