Now you have opportunity to get acquainted with the 27th issue of the Theory and Practice of Forensic Science and Criminalistics research paper collection. This is the second issue that Editorial Board issues during Russian war against Ukraine. Co-founders of the research paper collection are National Scientific Center «Hon. Prof. M. S. Bokarius Forensic Science Institute» and Yaroslav Mudryi National Law University for 22 years have adhered to scientific publication periodicity and even war is not able to interfere with this noble cause.

Centuries of trials embedded in the pages of world history, did not deprive Ukrainian people of their inflexibility, strength of spirit and ripples, on the contrary, they overwhelmed the nation. Despite numerous misfortunes that Ukrainian statehood suffered on the way of its establishment, Ukrainians overcame all obstacles and with even greater inspiration and double power restored the state in all directions: socio-political, legislative and legal, industrial and economic, cultural and educational and scientific ones. Science always plays a leading role in progress of any country, prominent scientists of each State are known and respected around the world and Ukrainian scientists are no exception to this rule.

In wartime, domestic science is focused on the main thing: innovative and technological development for sake of victory
