The Devil's Admiral Frederick Ferdinand Moore, 1913 The Devil at the Long Bridge Riccardo Bacchelli, 1929 **The Devil's Spy** Michael Hastings, 1988 **Performance and Religion in Early**

Modern England Matthew J. Smith, 2018-12-15 In *Performance and Religion in Early Modern England* Matthew J. Smith seeks to expand our view of the theatrical by revealing the creative and phenomenal ways that performances reshaped religious material in early modern England. He offers a more inclusive and integrative view of performance culture. Smith argues that early modern theatrical and religious practices are better understood through a comparative study of multiple performance types, not only commercial plays but also ballads, jigs, sermons, pageants, ceremonies, and festivals. Our definition of performance culture is augmented by the ways these events looked, sounded, felt, and even tasted to their audiences. This expanded view illustrates how the post-Reformation period utilized new capabilities brought about by religious change and continuity alike. Smith posits that theatrical practice at this time was acutely aware of its power, not just to imitate but to work performatively and to create spaces where audiences could both imaginatively comprehend and immediately enact their social, festive, ethical, and religious overtures. Each chapter in the book builds on the previous ones to form a cumulative overview of early modern performance culture. This book is unique in bringing this variety of performance types, their archives, venues, and audiences together at the crossroads of religion and theater in early modern England. Scholars, graduate and undergraduate students, and those generally interested in the Renaissance will enjoy this book.

Der er tillige en levnedsbeskrivelse om en betydelig og meget farverig personlighed.
