Dialectical Societies:

Dialectical Societies David Maybury-Lewis, 1979 The G speaking tribes of Central Brazil have always been an anomaly in the annals of anthropology their exceedingly simple technology contrasts sharply with their highly complex sociological and ideological traditions Dialectical Societies the outgrowth of extended anthropological research organized by David Maybury Lewis at long last demystifies G social structure while modifying and reinterpreting some of the traditional ideas held about kinship affiliation and descent Each of the seven contributors deals with a different lowland tribe but all of them address an ideological focus on the dualistic tribal organization that is here defined as fundamental to the G As a collection their work comprises a substantial revision of the hitherto undeveloped and largely ignored ethnography of Central Brazil
