A Humument Limited Edition:

A Humument Tom Phillips, 1997 Artist Tom Phillips combines fiction word and image using a Victorian novel he found by chance as a starting point for other possible stories scenes poems erotic incidents and surrealist catastrophes This limited edition contains over 50 new pages and a print signed by the artist Abstraction in Post-War British Literature 1945-1980 Natalie Ferris, 2022-03-29 In a catalogue note for the 1965 exhibition Between Poetry and Painting at the Institute of Contemporary Arts the poet Edwin Morgan probed the relationship between abstraction and literature Abstract painting can often satisfy but abstract poetry can only exist in inverted commas Language may be fragmented rearranged or distorted abstract in so far as it is withdrawn from a particular system of knowledge but Morgan was of the mind that to be wholly disruptive was to deprive a poem of its point as an object of contemplation Whilst abstract art may have come to fulfil or fortify an impression of post war taste abstraction in literature continued to be treated with suspicion But how does this speak to the extent to which Britain's literary culture was responsive to progress compared to its artistic culture Abstraction in Post War British Literature 1945 1980 traces a line of literary experimentation in post war British literature that was prompted by the aesthetic philosophical and theoretical demands of abstraction Spanning the period 1945 to 1980 it observes the ways in which certain aesthetic advancements initiated new forms of literary expression to posit a new genealogy of interdisciplinary practice in Britain At a time in which Britain became conscious of its evolving identity within an increasingly globalised context this study accounts for the range of Continental and Transatlantic influences in order to more accurately locate the networks at play Exploring the contributions made by individuals such as Herbert Read Ian Hamilton Finlay and Christine Brooke Rose as well as by groups of practitioners It brings a wide range of previously unexplored archival material into the public domain and offers a comprehensive account of the evolving status of abstraction across cultural institutional and literary contexts Writing Machines N. Katherine Hayles, 2002 A pseudo autobiographical exploration of the artistic and cultural impact of the transformation of the print book to its electronic incarnations **The Dual Muse** Lorin Cuoco, 1999 For centuries an artist adept in one medium has found solace encouragement and inspiration in another even to the point of merging them Michelangelo put down his chisel to pick up his pen Blake pictorialized his poetry Max Ernst collaged narratives Gertrude Stein adopted a cubist style This bicameral interplay of the verbal and pictorial has never been more pronounced than in our own time The Dual Muse explores a range of creative interrelationships between the visual arts and literary media in works by selected modern and contemporary artists and authors **Scripting Reading Motions** Manuel Portela, 2013-09-13 In this work Manuel Portela explores the expressive use of book forms and programmable media in experimental works of both print and electronic literature and finds a self conscious play with the dynamics of reading and writing Imagining Language Jed Rasula, Steve McCaffery, 2001 When works such as Joyce's *Finnegans Wake* and Stein's *Tender Buttons* were first introduced they went so far beyond prevailing

linguistic standards that they were widely considered unreadable if not scandalous Jed Rasula and Steve McCaffery take these and other examples of twentieth century avant garde writing as the starting point for a collection of writings that demonstrates a continuum of creative conjecture on language from antiquity to the present The anthology which spans three millennia generally bypasses chronology in order to illuminate unexpected congruities between seemingly discordant materials Together the writings celebrate the scope and prodigality of linguistic speculation in the West going back to the pre Socratics *The Second Aeon* , Human Documents Daniel Traister,1993 *The Unexpected Dante* Lucia Alma Wolf,2021-12 The Unexpected Dante brings together five leading scholars who offer fresh perspectives on the interpretation and reception of The Divine Comedy Some explore the poem s esoteric allusions to topics ranging from musical instruments to Roman law while others illustrate the depth and variety of this literary masterpiece s global influence over the past seven centuries Published by Bucknell University Press in association with the Library of Congress Distributed worldwide by Rutgers University Press *No Longer Innocent* Betty Bright,2005 This important history of the artist s book a flourishing form which over the years has often been greeted with confusion by critics collectors historians and artists aims to spell out its role in contemporary art and to claim for it a vital and heretofore unacknowledged status since the blossoming of the artform in the 1970s Renowned scholar and curator Betty Bright takes an inclusive view of the varied field in order to redress its marginalization identifying three distinct types the fine press book the deluxe book and the bookwork She covers crucial supporters of the form like New York s Center for Book Arts Franklin Furnace and the Visual Studies Workshop Press in Rochester New York as well as key organizations and figures in Chicago Atlanta San Francisco and Los Angeles Bright examines how artist s books have responded to specific movements such as Pop Fluxus and Conceptualism and how the book arts own mini art world of the 1970s was shaped by seminal exhibitions fledgling nonprofit organizations and collectors
