Christian Executive:

The Christian Executive Theodore Wilhelm Engstrom, Edward R. Dayton, 1979

Leadership Devotionals for the

Christian Executive Daniel Rogers, 2020-11 This book is designed for leaders out in the world Instead of bringing theory to the Bible this book focuses on what the Bible brings to leadership theory While it has application within the church it doesn't specifically target church leaders Instead these 60 devotionals are offered to all who are serious about their faith who desire to apply their beliefs within their workspace and who want to test scripture for its universal applicability in the workaday reality of their lives It is a peek into my study an invitation to review my journal and grapple with scripture

The Executive Calling Roger D. Andersen, 2008-06-04 There are a vast number of Christians in professional and management positions in corporate America who wish to lead as Christ intended The Executive Calling describes how they can reconcile their faith with corporate cultures in ways that can enable them to lead effectively and righteously This book not only challenges current Christian leaders in corporations to discover God's calling for them in their jobs but calls younger professional and college students to consider leadership careers in the corporate world Roger Andersen once vice president of PepsiCo breaks new ground for anyone who is struggling with reconciling career success and obedient service to Jesus In these ten expansive chapters rich in sound biblical wisdom and mixed with Andersen's insights from thirty years of experience readers will discover why Christians can and are indeed called to excel in the corporate world It examines Scriptural advice on the most important leadership qualities and successful management practices Available at the end of the book is a comprehensive Christian Executive's Study Guide that is perfectly suited for further individual small group or devotional study

Team Leadership In Christian Ministry Kenneth O. Gangel, 1997-01-05 Team leadership is the exercise of one's spiritual gifts under the call of God to serve a certain group of people in achieving the goals God has given them toward the end of glorifying Christ How is your church or organization governed Does it have an authoritarian top down administration Is the ministry vision developed by a few top officials with little input from staff or volunteers Today the definition of an effective leader has changed No longer does the model leader manage like the Lone Ranger either do it his way or no way Today the model leader shares responsibility with fellow team leaders and seeks to serve them In this complete revision of his earlier work Building Leaders for Church Education Dr Gangel carefully lays a biblical foundation for the team leadership model This leadership is not dogmatic control or personality worship It has no room for political power plays Instead it is Paul gently nurturing young Christians in his epistles It is Barnabas willingly thrusting others into situations where they develop their own gifts It is Christ choosing not one but twelve men to carry on His ministry It is servant leadership With examples illustrations and suggestions for further reading at the end of each chapter Dr Gangel prods and encourages the reader to move beyond the safety net of autocratic leadership into the rewarding effective practice of leading with and through others
