Community Forming Power:

Dismantling the Dualisms for American Pentecostal Women in Ministry Lisa Stephenson, 2011-09-30 This book analyzes the historical and theological factors resulting in the present situation among American Pentecostal women in ministry and proposes a Feminist Pneumatological anthropology and ecclesiology that address the problematic dualisms that have perpetuated Pentecostal women's ecclesial restrictions *Pentecostal Perspectives on Social Justice* Thomas U.

Kurt, 2025-06-10 The beginnings of the Pentecostal movement were characterized by charismatic gifts and an extraordinary missionary dynamic At the same time early Pentecostals stood out from their social environment for their liberal practices on race and women's issues and for their pacifism In a world characterized by violence oppression and exploitation the question of justice is crucial for the future of this world At the same time for Pentecostals the question of the future of this world is closely linked to the kingdom of God This book explores whether there is a common denominator in Pentecostal social ethics what that denominator consists of and what its theological categories are To answer these questions it examines four representatives of the global Pentecostal church who have made prominent contributions in the field of social ethics The results are then discussed in a dialogue with Jürgen Moltmann one of the most prominent voices in systematic theology for social justice and the liberation of the oppressed **Community Organizing and Community Building for Health**

Meredith Minkler, 2005 [Life in the Spirit](#) Andréa Snavelly, 2015-05-12 What would the church look like if Christians saw their lives as constituted by the Spirit's presence to live as Jesus lived In a time when being led by the Spirit is defined more by achieving the American Dream than by Jesus's life answering this question rightly seems all the more critical for the church to survive in a culture increasingly hostile to Christianity Building upon the work of post-Constantinians John Howard Yoder and Stanley Hauerwas and upon the Trinitarian Spirit Christology of Leopoldo Sanchez this account of the Christian life provides a framework for seeing one's Christian life as one transformed by the Spirit to live in the resurrection reality of Jesus's sonship with the Father in the Spirit In the process one will discover that for Jesus being led by the Spirit meant trusting his Father to the point of death on a cross trusting God to resurrect him even if he did not save him Should it mean the same for Christians today If so this would require the church to reimagine its ministries for the Spirit to work repentance and faith rather than simple agreement For Christians living in the Spirit their lives might look very different **The Spirit as Gift in Acts**

John D. Griffiths, 2022-02-28 What does Luke mean when he describes the Spirit as gift Acts 2:38 This study explores the social implications of gift giving in the Greco-Roman world arguing that gifts initiate and sustain relationships Therefore the description of the Spirit as gift is inherently social which is shown in the Spirit's empowerment of the teaching unity meals sharing of possessions and worship of the early Jesus community The Spirit as gift then leads us to see that the early Jesus community is the community of the Holy Spirit **Community Psychology** Victoria C. Scott, Susan M.

Wolfe, 2014-12-02 Drawing upon the wisdom of experts in the field this reader-friendly volume explores both foundational

competencies and the technical how to skills needed for engaging in community psychology practice Each chapter explores a core competency and its application in preventing or amending community problems and issues With case examples throughout this text offers a practical introduction to community outreach and intervention in community psychology

King,1893 **Sea, Land and Air** ,1922 Community-Forming Power Matthias Wenk,2004-12-10 In past years the controversy over Luke s concept of the Spirit has centred on the ethical dimension of his pneumatology

Community Forming Power sets out to address the issue by assessing the Lukan writings in the light of evidence from Second Temple Judaism and in applying speech act theory to prophetic utterances Wenk argues that the Spirit s role in prophecy cannot be limited to the content of the prophetic speech stripping it artificially from the intention behind it He further argues that the anointed church continues the liberating work of the anointed messiah in embracing the marginalized and thus is instrumental in realizing good news for the poor
