Larry Davidson,Michael Rowe,Janis Tondora,Maria J. O'Connell,Martha Staeheli Lawless,2008-10-02 This book takes the lofty vision of recovery and of a life in the community for every adult with a mental illness promised by the U S President s New Freedom Commission and shows the reader what is entailed in making this vision a practical reality for people with mental illnesses and their families

Promoting Mental Health and Wellbeing Among Young People

Maj Britt Dahl Nielsen,Susan Andersen,Sigurd Lauridsen,2025-09-10 Mental disorders account for a large proportion of the disease burden in young people and poor mental health is strongly related to lower educational achievements and labor market attainment and other health problems including substance abuse violence and poor reproductive and sexual health Evidence suggests that the COVID 19 pandemic might have had a negative effect on young people s mental health and knowledge about secular

trends in well being and mental health problems is important for planning public health interventions Research on health promotion and preventive interventions remains scarce and the mental health needs of young people are often unmet and research is urgently needed to develop affordable and feasible interventions In Denmark and other countries the mental health of young people has been declining especially in the wake of COVID 19 The main goal of this research topic is to further our understanding of trends in mental health and well being among young people and aid the development of feasible and effective public health interventions This Research Topic welcomes empirical studies including qualitative quantitative and mixed method research design papers and systematic reviews focusing on but not limited to the following sub topics Trends in mental health and well being among young people The impact of COVID 19 on mental health and wellbeing New and emerging risks for mental health and well being for example related to online and mobile technology Barriers to treatment Development of affordable and feasible community based interventions Implementation and effectiveness of preventive and health promotion interventions including universal interventions and interventions targeting vulnerable groups
