Addictive Personality

Pierre J. Samaan Ph.D.

Addictive Personality:

The Addictive Personality Craig Nakken,2009-09-29 Craig Nakken brings new depth and dimension to our understanding of how an individual becomes an addict Since its publication in 1988 The Addictive Personality has helped people understand the process of addiction Now through this second edition author Craig Nakken brings new depth and dimension to our understanding of how an individual becomes an addict Going beyond the definition that limits dependency to the realm of alcohol and other drugs Nakken uncovers the common denominator of all addiction and describes how the process is progressive Through research and practical experience Nakken sheds new light on Genetic factors tied to addiction Cultural influences on addictive behavior The progressive nature of the disease and Steps to a successful recovery The author examines how addictions start how society pushes people toward addiction and what happens inside those who become addicted This new edition will help anyone seeking a better understanding of the addictive process and its impact on our lives

The Easy Way to Stop Drinking Allen Carr,2005 Carr offers a startling new view of why we drink and how we can escape the addiction Only when we step away from the supposed pleasures and understand how we are being duped to believe we are receiving real benefits can we begin to live our lives free from any desire or need for drinking

Imagining the Tenth Dimension Rob Bryanton,2006 A fascinating excursion into the multiverse clear elegant personal provocative Hugo and Nebula award winning author Greg Bear Read the book whose companion website tenthdimension com has already achieved worldwide popularity

Drugs in American Society Nancy E. Marion,Willard M. Oliver,2014-12-16 Containing more than 450 entries this easy to read encyclopedia provides concise information about the history of and recent trends in drug use and drug abuse in the United States a societal problem with an estimated cost of 559 billion a year Despite decades of effort and billions of dollars spent to combat the problem illicit drug use in the United States is still rampant and shows no sign of abating Covering illegal drugs ranging from marijuana and LSD to cocaine and crystal meth this authoritative reference work examines patterns of drug use in American history as well as drug control and interdiction efforts from the nineteenth century to the present This encyclopedia provides a multidisciplinary perspective on the various aspects of the American drug problem including the drugs themselves the actions taken in attempts to curb or stop the drug trade the efforts at intervention and treatment of those individuals affected by drug use and the cultural and economic effects of drug use in the United States More than 450 entries descriptively analyze and summarize key terms trends concepts and people that are vital to the study of drugs and drug abuse providing readers of all ages and backgrounds with invaluable information on domestic and international drug trafficking and use The set provides special coverage of shifting societal and legislative perspectives on marijuana as evidenced by Colorado and Washington legalizing marijuana with the 2012 elections

Recovery Myths Lila Santoro,AI,2025-03-12 Recovery Myths tackles the pervasive misconceptions surrounding addiction recovery offering a science backed approach to achieving lasting sobriety It challenges the myth of the addictive

personality the oversimplified view of relapse as a moral failing and the reliance on willpower alone revealing how these beliefs undermine recovery efforts The book highlights the importance of understanding addiction as a complex bio psycho social condition demonstrating that sustainable recovery is not about battling inherent flaws but about adopting evidence based strategies This self help psychology guide begins by establishing the scientific foundations of addiction exploring the neurological and psychological aspects It then systematically dismantles common myths with compelling evidence and case studies The book shifts to providing practical tools such as cognitive behavioral techniques and personalized treatment plans for relapse prevention and long term maintenance By bridging the gap between scientific research and practical application Recovery Myths empowers individuals families and healthcare professionals to navigate the path to recovery with greater understanding and compassion

Counseling Addicted Families Gerald A. Juhnke,W. Bryce Hagedorn,2013-08-16 In Counseling Addicted Families Gerald A Juhnke and William Bryce Hagedorn recognize that even those treatment providers who understand the importance of the familial context of addiction are often stymied by the variety of family treatment theories and their often imperfect fit for cases of addiction In this book Juhnke and Hagedorn provide a truly integrated model for assessment and treatment Based upon the authors combined twenty three years of experience in clinical and treatment supervision the Integrated Family Addictions Model consists of six progressive treatment tiers which organize the relevant family treatment theories into a graduated and coherent sequence beginning with the briefest and least costly forms of therapy

Unmasking Addiction! Pierre J. Samaan Ph.D.,2024-05-23 Unmasking Addiction delves into the intricate interplay of spirit soul and body in addiction revealing its complex origins and pathways The book explores six critical areas the spiritual and behavioral roots of addiction the characteristics of the addictive personality the impact of substances on the brain and comprehensive strategies for recovery and preventing relapse This insightful guide peels back the layers of addiction offering a profound understanding and practical approaches to healing We hope the insights shared here will serve as a valuable resource for those seeking to understand more about addiction whether for personal growth to support a loved one or to enhance professional practice in addiction counseling and recovery

The 48-Hour Alcohol Reset Leon Sylvester,2026-03-12 The 48 Hour Alcohol Reset is a non fiction self help book on stopping drinking alcohol by Leon Sylvester founder of Soberclear Grounded in First Principles Thinking the book provides a systematic framework for re evaluating the reader s relationship with alcohol What You Will Discover The 48 Hour Reset Why 48 hours is all you need to take back control of alcohol and become Soberclear First Principles Thinking How to dismantle subconscious benefits of alcohol so you can take it or leave it The 8 Critical Shifts Use these 8 shifts to see alcohol as poison instead of a reward The 48 Hour Alcohol Reset System The 5 part system to make control feel like a choice instead of a fight The 21 000 000 Illusion How your desire originates from 21M of daily alcohol marketing spend 365 Days of Freedom The science of what happens in your body from Day 1 to 365 showing you exactly what to expect

Quitting Smoking For Dummies David Brizer,

M.D.,2011-05-04 The decision to quit smoking is far from a casual one. Quitting smoking involves your complete commitment; it must become your number one priority. Mustering all the support you can get, you need to decide to turn up the flame on your survival instincts, your belief in a healthy future, and your will, power, and faith that you can and will quit. The sooner you stop smoking, the better your chances of avoiding some of the unwelcome consequences of smoking. Your body and brain begin to recover almost immediately. Cigarette cravings aside, your body wants to stop smoking, and the moment you cut loose the smokes, your respiratory system begins to clear itself out. Here are just a few of the benefits you can reap from kicking the habit: A longer life with a lower risk of cancer and other deadly diseases. No more sore throats, congested lungs, and persistent cough. The ability to exercise and get back into shape. Kissable breath and clothes that don't smell like you just came home from a bar. Being able to really taste good food. Pleasing your family and friends and no more being the outcast. Like all smokers, you've probably tried to quit a half dozen times only to relapse. Perhaps you'd given up all hope of being able to quit, but now you're getting pressure from others such as family members to end your smoking career completely. But how do you take those first steps? And how do you follow through with your commitment to quit smoking? *Quitting Smoking For Dummies* can help. *Quitting Smoking For Dummies* takes a total approach to help you quit smoking short of yanking the cigarettes from your hands. It gives you the cold, hard truth about why you're addicted and how smoking harms your body, and it helps you develop a plan for finally quitting. Here's just a sampling of the topics you'll find covered: Understanding the various forms of tobacco and their effects. Figuring out why you're addicted. Analyzing the health risks of smoking. Developing a strategy to quit smoking. Exploring nicotine replacement therapies. Staying clean. Avoiding the relapse. Getting help from support groups and programs. Special considerations for pregnancy and teen smoking. So the question to ask yourself is: Why wait to quit? You're going to have to eventually, why not start now? With *Quitting Smoking For Dummies*, you can start your recovery today and look forward to a long and healthy life.

Mental Health and Mental Disorders Len Sperry,2015-12-14 Serving as an indispensable resource for students and general interest readers alike, this three-volume work provides a comprehensive view of mental health that covers both mental well-being and mental illness. A three-volume ready reference encyclopedia, this up-to-date work supplies a holistic introduction to the fields of mental health and mental disorders that is written specifically for high school students and college students. Covering the full continuum of mental health, the set describes typical functioning, including biology and neurology of the brain, emotions, and the traits and characteristics of mental well-being. It also addresses mental disorders and conditions from obsessive compulsive disorder (OCD) and post-traumatic stress disorder (PTSD) to phobias and schizophrenia. *Mental Health and Mental Disorders: An Encyclopedia of Conditions, Treatments, and Well-Being* highlights important concepts and phenomena, key individuals, treatment techniques, organizations, and diagnostic tools to give readers a complete view of this broad field of study. It also investigates all sides of wellness, exploring what it means to be normal and consistently identifying the links between lifestyle and mental health. The encyclopedia is consistent with the

goals of AP psychology curricula and addresses the various disorders classified in the new edition of the APA Diagnostic and Statistical Manual DSM V TR

Healing the Addictive Personality Lee L. Jampolsky, 2011-06-22 Since 1991 Dr Lee Jampolsky's self help classic *Healing the Addictive Mind* has given well over 100 000 people around the world the tools to create significant change in their lives Now he continues his proven and trustworthy blend of practical and positive psychology with **HEALING THE ADDICTIVE PERSONALITY** Dr Jampolsky's straightforward approach based on firsthand experience presents ways of healing addictive thinking behavior and destructive relationship patterns with forgiveness compassion and the potential for limitless opportunity through an eleven week action plan A personal note from the author Many people live in a self imposed prison and don't even know it I did For years I was so busy building walls I did not see that I was imprisoning myself behind them My addictive thinking and behavior became the bars of my cell I denied feeling empty inside and instead looked for new things to acquire substances to take and goals to achieve in order to feel better about myself Sometimes I felt momentarily free powerful and whole but in the end my addictive cycle only compounded my loneliness and despair If you recognize this pattern in yourself this book is addressed to you Today I am able to tell you I now know what true freedom and happiness are and I offer the path that I intend to follow every day of my life

Reviews This 178 page book is a miraculous Godsend because it goes deep to expose the profile of the addictive personality and then broadens from there to show us how to recognize the characteristics of the addictive personality and understand why it develops in the first place The layout of this awesome teacher helped me to see how I can go from a place of addictive thinking to having a truth based personality I liked how the negative core beliefs were laid bare and the healthy counterparts were readily available because many times there is denial associated with addiction and it helped me see the true man behind the curtain and not just the illusions I have been living with The cunning foe of addiction has become such a part of our society that I would recommend this crucial and charming champion to anyone at any stage of their spiritual growth and development This precious gem will help many on the path to serenity and it has found it's way to my spiritual toolbox Thanks Dr Lee for this most excellent way out Riki Frahmman www.mysticlivingtoday.com
