Dramatic Approaches to Creative Fidelity Katharine Rose Hanley, 1987-08-11 **Tragic Humanity and Hope** Pius Ojara SJ, 2007-09-01 With insights into the thought of Gabriel Marcel Tragic Humanity and Hope recognizes that in our age scientific knowing is becoming a dominant form of knowledge The leadership influence growth and gravitational center of human existence depend it seems on scientific knowledge As a result we live in an information age that prizes production and immediate satisfaction but devalues the cultivation of wisdom We risk diminishing the significance of sapiential knowing to deal with the immensely complex and intricate domains of human relationality Furthermore inquiry into moral discernment methods expands becoming more diverse yet scholarly conversations that engage the vital exigencies as founding moral sensibility seem noticeably insufficient Tragic Humanity and Hope strives to overcome this lack But Ojara also seeks ethical groundings that exceed the language of pragmatic utility and aesthetic preference Foundations of morality cannot exclude questions of the common good and shared moral obligations that free people to reach out to one another with hopes and memories that endow life with shared meaning Through continuity and cohesion that the interlacing of scientific sapiential and moral knowing bring life becomes a marvelous expression of light joy and fervor **The Steel Orb** C. J. S. Hayward, 2008-02-02 The Steel Orb is a look at our world from creative and often unexpected angles meant to give a fresh take on the beauty of our life You might call it Eastern Orthodox spirituality meets speculative fiction in a wild intricate dance To pick one of many topics drawn into that imaginative dance the explorations touch the idea of time which humans have explored in physics science fiction and philosophy There is no discussion of time travel as such but because the book treats something much more interesting than time travel something about time that is more human and more real ABOUT THE AUTHOR C J S Jonathan Hayward wears many hats author philosopher theologian artist poet wayfarer philologist inventor web guru teacher He is an Eastern Orthodox Christian has lived in the U S Malaysia England and France and holds master s degrees bridging math and computers UIUC and philosophy and theology Cambridge He has websites at JonathansCorner.com and CJSHayward.com *Process, Praxis, and Transcendence* James L. Marsh, 1999-01-01 Process Praxis and Transcendence is a North American philosophy of liberation that defends both metaphysics and philosophy of religion The book moves from an existential phenomenology of the knowing and choosing subject through affirmation of a processive and liberating Christ to a critique and overcoming of neo imperialism Its ultimate theme explores what the appropriate theory and praxis of liberation is for those of us living in the center of the empire in North America and Western Europe **Where does**

creative fidelity call us? ,1985 Living Vocationally Paul J. Wadell, Charles R. Pinches, 2021-01-27 In the thick of modern life we are tempted to forget what we are doing and why we are doing it We are busy socializing building careers and looking for fun but what s it all for The ancient concept of vocation has recently gained popularity as we return to questions about the meaning of life Almost all religions include the idea that divine purposes should guide our lives Christianity has particularly accented it The God who called Israel and sent Jesus has something in mind for us God s call challenges us but also opens us to the best sort of life imaginable In Living Vocationally the challenge and the joy of the called life is thoroughly explored Part one considers the benefits of living vocationally biblical traditions of call and subsequent Christian understandings Part two examines why vocation pertains not only to careers but indeed touches every dimension of our lives and encompasses our full journey through life Because every person s life includes many callings some very difficult part three considers the virtues we need to live the called life well Living Vocationally demonstrates why to have found a calling is to have found a good way to live **Gabriel Marcel and the Meaning of Belief in Creative Fidelity** Charles Hoy, 1967

Philosophy of Man Manuel B. Dy (Jr.), 2001 **Creativity** Lawrence L. Creative Fidelity as a Personalized Symbolic Form of Culture Jared Kemling, 2018 Ernst Cassirer s *The Philosophy of Symbolic Forms* fails to account properly for personalized experiences it cannot provide a basis for understanding how some experiences become personal while others do not Our account of personalized experience will remain lacking as long as we follow Cassirer in viewing personalized experience as a non necessary feature of other symbolic forms such as myth language religion or art instead it must be understood that personalized experience is grounded in an independent symbolic activity as basic to human cultural life as language myth or objectivating knowledge This basic personalizing symbolic function is best understood as that same activity articulated in Gabriel Marcel s phenomenological descriptions of the act of creative fidelity Once this relationship has been grasped it becomes possible to articulate a symbolic form of personalized experience by describing the unique way in which creative fidelity as the personalizing symbolic function spatializes temporalizes numeralizes and as a result subjectifies objectifies its own distinct horizon of meaning or cultural world The result will be a symbolic form as Cassirer understands it that is as far reaching and fundamental to human cultural life as the three symbolic forms elaborated in *The Philosophy of Symbolic Forms* By articulating this fourth symbolic form we will have taken a significant step toward Cassirer s ultimate goal of a robust philosophical anthropology **Let's Make Sex a Household Word** Sol Gordon, 1975 Proceedings of the American Catholic Philosophical Association , 1986 Includes a list of members

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
