## Das Parfum:

**Das Parfum** Patrick Süskind, 1994 Ein rares Meisterwerk zeitgenössischer Prosa eine dicht gesponnene psychologisch raffiniert umgesetzte Erzählung die an die frühen Stücke von Patricia Highsmith erinnert in ihrer Kunstfertigkeit aber an die Novellistik großer europäischer Erzähltradition anknüpft

*PERFUME* Patrick Süskind, 1986-09-12 The year is 1738 the place Paris A baby is born under a fish monger's bloody table in a marketplace and abandoned Orphaned passed over to the monks as a charity case already there is something in the aura of the tiny infant that is unsettling No one will look after him he is somehow too demanding and even more disturbing something is missing as his wet nurse tries to explain he doesn't smell the way a baby should smell indeed he has no scent at all Slowly as we watch Jean Baptiste Grenouille cling stubbornly to life we begin to realize that a monster is growing before our eyes With mounting unease yet hypnotized we see him explore his powers and their effect on the world around him For this dark and sinister boy who has no smell himself possesses an absolute sense of smell and with it he can read the world to discover the hidden truths that elude ordinary men He can smell the very composition of objects and their history and where they have been he has no need of the light and darkness is not dark to him because nothing can mask the odors of the universe As he leaves childhood behind and comes to understand his terrible uniqueness his obsession becomes the quest to identify and then to isolate the most perfect scent of all the scent of life itself At first he hones his powers learning the ancient arts of perfume making until the exquisite fragrances he creates are the rage of Paris and indeed Europe Then secure in his mastery of these means to an end he withdraws into a strange and agonized solitude waiting dreaming until the morning when he wakes ready to embark on his monstrous quest to find and extract from the most perfect living creatures the most beautiful young virgins in the land that ultimate perfume which alone can make him too fully human As his trail leads him at an ever quickening pace from his savage exile to the heart of the country and then back to Paris we are caught up in a rising storm of terror and mortal sensual conquest until the frenzy of his final triumph explodes in all its horrifying consequences Told with dazzling narrative brilliance and the haunting power of a grown up fairy tale Perfume is one of the most remarkable novels of the last fifty years

[The History of German Literature on Film](#) Christiane Schönfeld, 2023-06-15 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE This book tells the story of German language literature on film beginning with pioneering motion picture adaptations of Faust in 1897 and early debates focused on high art as mass culture It explores analyzes and contextualizes the so called golden age of silent cinema in the 1920s the impact of sound on adaptation practices the abuse of literary heritage by Nazi filmmakers and traces the role of German language literature in exile and postwar films across ideological boundaries in divided Germany in New German Cinema and in remakes and movies for cinema as well as television and streaming services in the 21st century Having provided the narrative core to thousands of films since the late 19th century many of German cinema's most influential masterpieces were inspired by canonical texts popular plays and even children's literature Not being restricted to

German adaptations however this book also traces the role of literature originally written in German in international film productions which sheds light on the interrelation between cinema and key historical events It outlines how processes of adaptation are shaped by global catastrophes and the emergence of nations by materialist conditions liberal economies and capitalist imperatives political agendas the mobility of individuals and sometimes by the desire to create reflective surfaces and perhaps even art Commercial cinema s adaptation practices have foregrounded economic interest but numerous filmmakers throughout cinema history have turned to German language literature not simply to entertain but as a creative contribution to the public sphere marking adaptation practice at least potentially as a form of active citizenship

Beyond Postmodernism Klaus Stierstorfer,2003 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist
