Discovery And Recollection:

Flashbulb Memories Olivier Luminet, Antonietta Curci, 2017-08-07 Are Flashbulb memories special or ordinary memory formations Are emotional cognitive or social factors highly relevant for the formation of Flashbulb memories How can sociological historical and cultural issues help us to understand the process What is the difference between Flashbulb memories memories of traumatic experiences and highly vivid personal memories How can we provide a valid and reliable measure for Flashbulb memories This edition of Flashbulb Memories New Challenges and Future Perspectives revisits these questions considering significant new evidence and research in the field It now includes additional chapters focusing on experimental investigations and review studies on positive vs negative Flashbulb memories Bringing together leading international researchers the book presents significant progress in this area of research which has remained divisive for the past 40 years The discussion of Flashbulb memories also contributes to the understanding of the general functioning of autobiographical memory It will provide essential reading for researchers in Flashbulb memories and will be of great interest to those in related areas such as cognitive psychology social psychology cross cultural psychology sociology political sciences and history as well as clinicians dealing with those who have strong Flashbulb memories after personal traumatic events

The Possibility of Inquiry Gail Fine, 2014-03 Gail Fine presents the first full length study of Meno's Paradox a challenge to the possibility of inquiry that was first formulated in Plato's Meno She compares the responses of Plato Aristotle the Epicureans the Stoics and Sextus to the paradox and considers a series of key questions concerning the nature of knowledge and inquiry

Death and Immortality in Late Neoplatonism Sebastian Ramon Philipp Gertz, 2011-07-27 The belief in the immortality of the soul has been described as one of the twin pillars of Platonism and is famously defended by Socrates in Plato's Phaedo The ancient commentaries on the dialogue by Olympiodorus and Damascius offer a unique perspective on the reception of this belief in the Platonic tradition Through a detailed discussion of topics such as suicide the life of the philosopher and arguments for immortality this study demonstrates the commentators serious engagement with problems in Plato's text as well as the dialogue's importance to Neoplatonic ethics The book will be of interest to students of Plato and the Platonic tradition and to those working on ancient ethics and psychology
