lived with ship worker Bhimaji and Bhanuji who is Social worker as well as Caring for the poor The seminar of the book has been diverted through various aspects and ideas of the personality of all of them Various occasions and thoughts in the book are different ways of opposing wrong or traditional ideas regarding blood bonding love prejudice misunderstanding society so on various seminars and pasts show the way to take Gima to her mysterious Protector But on this journey two strange triangles of strangely intertwined love form which continue to impress the characters in the book or story How these people solve these triangles and the mystery of the Protector as the different secrets are revealed In all these instances it has been shown in seminars that the nature of what happens is a long way The characters the mysterious Protector and the various secrets that come with the moments astonished all of them the strange personality of Punarvasu the true reason behind it his skill and the character of the mysterious Protector continue to amaze everyone Both of them succeed in proving themselves very important in the story It involves the triangle of love and the emotions of the characters built into this triangle A lot of secrets eventually come out All of them take great lessons from this seminar which will last for a lifetime The Big Question is How do they solve all the stories Not every time the Blood Bonding is Genetical or in Relations Sometimes it s Love Sometimes it s more than Emotions When Two love triangles collide Each other There is a Great possibility of damaging the innocent Hearts But Nature is always superior to anything in the Universe Therefore If there is war between Love Destiny and Nature Nature must win Some secrets are important and some are meaningful From time to time we should Realize that Every individual and incident comes in life for some kind of Reason But In very few cases that reason should become The ultimate goal for Lifetime

**No End in Sight** Anna Krakus,2018-07-10 No End in Sight offers a critical analysis of Polish cinema and literature during the transformative late Socialist period of the 1970s and 1980s Anna Krakus details how conceptions of time permanence and endings shaped major Polish artistic works She further demonstrates how film and literature played a major role in shaping political consciousness during this highly charged era Despite being controlled by an authoritarian state and the doctrine of socialism artists were able to portray the unsettled nature of the political and psychological climate of the period and an undetermined future In analyzing films by Andrzej Wajda Krzysztof Kieslowski Krzysztof Zanussi Wojciech Has and Tadeusz Konwicki alongside Konwicki s literary production Anna Krakus identifies their shared penchant to defer or completely eschew narrative closure whether in plot theme or style Krakus calls this artistic tendency aesthetic unfinalizability As she reveals aesthetic unfinalizability was far more than an occasional artistic preference or a passing trend it was a radical counterpolitical act The obsession with historical teleology saturated Polish public life during socialism to such a degree that instances of nonclosure or ambivalent endings emerged as polemical responses to official ideology
