David Low:

David Low Colin Seymour-Ure, Jim Schoff, 1985 *Leven en werk van de Engelse cartoonist David Low 1891-1963* **The National Librarians of Medicine and Their Predecessors** Christian A. Nappo, 2024-07-29 Did you know that Walter Reed was once a librarian at the National Library of Medicine? This book looks at the twenty-seven men and women who headed the National Library of Medicine. In its early years, the library was known as the Library of the Surgeon General's Office, and from 1836 to 1865, the Army Surgeon General acted in dual capacity as surgeon and librarian. The first person to hold this dual position, albeit informally, was Joseph Lovell, who began the library by purchasing copies of medical books for his own use. After Lovell died in 1836, his interim successor Benjamin King started the process of turning Lovell's collection into a formal library, which grew to become the National Library of Medicine we know today. As the decades passed, the name and functions of the Library of the Surgeon General's Office were transformed. In 1865, the roles of surgeon general and librarian were separated when Army Surgeon General Joseph K. Barnes hired John Shaw Billings to run the library. Many decades later, in 1922, the Library of the Surgeon General's Office was renamed the Army Medical Library. Eventually, in 1956, the library was transformed into the institution known today as the National Library of Medicine. Comic empires Richard Scully, Andrekos Varnava, 2019-11-04 *Comic empires* is a unique collection of new research exploring the relationship between imperialism and political cartoons, caricature, and satirical art. Edited by leading scholars across both fields and with contributions from contexts as diverse as Egypt, Australia, the United States, and China, as well as Europe, the volume provides new perspectives on well-known events and illuminates little-known players in the great game of empire in modern times. Some of the finest comic art of the period is deployed as evidence and examined seriously in its own right for the first time. Accessible to students of history at all levels, *Comic empires* is a major addition to the world-leading *Studies in Imperialism* series, as well as standing alone as an innovative and significant contribution to the ever-growing international field of comics studies.

Religious and Cultural Difference in Modern British Political Cartoons Tahnia Ahmed, 2024-05-16 Focusing on British broadsheets such as *The Times* and *The Guardian* and tabloid publications such as *The Sun* and *The Daily Mail*, this book looks at the visualization of post-colonial Britain through cartoons. Tahnia Ahmed examines how Irish, Jewish, Sikh, and Muslim communities are 'othered', interrogating the patterns and trends in the way they are depicted, both consciously and unconsciously, by cartoonists in Britain from the 20th century onwards. She reveals how cartoonists such as Nicholas Garland and Peter Brookes present assimilation as the goal for the portrayed minorities. At the same time, this goal is deemed impossible because difference is ontological and unchangeable. Central to the cartoons explored in this book is the construction of identity and the concept of 'us', demonstrating the role cartoons play in the stability and enduring power of the

archetype Ahmed suggests that cartoons illustrate how racial and religious prejudice subtly interface and reinforce one another A depiction of religious difference Ahmed argues is often actually a cover for outright racism **Cases Decided in the Court of Session, Teind Court, Court of Exchequer and House of Lords** Scotland.
