Imagined Lives Philip Neilsen, 1990 Focuses primarily on a literary analysis of his six novels and his key poems Johnno An imaginary life Child s play Fly away Peter Harland s half acre The Great War *The Oxford Handbook of Arab Novelistic Traditions* Wail S. Hassan, 2017-08-01 The Oxford Handbook of Arab Novelistic Traditions is the most comprehensive treatment of the subject to date In scope the book encompasses the genesis of the Arabic novel in the second half of the nineteenth century and its development to the present in every Arabic speaking country and in Arab immigrant destinations on six continents Editor Wa l S Hassan and his contributors describe a novelistic phenomenon which has pre modern roots stretching centuries back within the Arabic cultural tradition and branching outward geographically and linguistically to every Arab country and to Arab writing in many languages around the world The first of three innovative dimensions of this Handbook consists of examining the ways in which the Arabic novel emerged out of a syncretic merger between Arabic and European forms and techniques rather than being a simple importation of the latter and rejection of the former as early critics of the Arabic novel claimed The second involves mapping the novel geographically as it took root in every Arab country developing into often distinct though overlapping and interconnected local traditions Finally the Handbook concerns the multilingual character of the novel in the Arab world and by Arab immigrants and their descendants around the world both in Arabic and in at least a dozen other languages The Oxford Handbook of Arab Novelistic Traditions reflects the current status of research in the broad field of Arab novelistic traditions and signals toward new directions of inquiry
