any understanding of the making of the modern mind      **Psychology of Dementia Praecox** C. G. Jung, 2015-03-08 Jung began his career as a psychiatrist in 1900 when he was 25 as an assistant working under Dr Eugen Bleuler at the Burgholzli Hospital in Zurich In 1906 after he had become senior staff physician and before his first meeting with Freud in Vienna in 1907 Jung wrote his famous monograph *On the Psychology of Dementia Praecox* Ernest Jones described it as a book that made history in psychiatry and extended many of Freud's ideas into the realm of the psychoses proper A Brill whose introduction to his 1936 translation is included here has called this work indispensable for every student of psychiatry the work which firmly established Jung as a pioneer and scientific contributor to psychiatry Originally published in 1974 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      *The Wise Old Woman Spirit* Susan K. Faron, 2023-11-01 Open this book and enter the world of eros and curiously emptiness two vital qualities of the Wise Old Woman spirit that can help us survive possibly even thrive Through the human imagination and dreams the Wise Old Woman spirit offers a kind of collaboration and partnership involving a very real intimacy and immediacy while preserving our conscious gains Although the Wise Old Woman spirit has appeared with many names and in multiple forms this discovery is specifically born of Jung's work on the archetype of the Wise Old Man The Wise Old Woman spirit has emerged as a wisdom figure of her own in the ground breaking research Dr Faron has conducted Not a goddess nor worshipped the feminine wisdom figure is nevertheless divine born out of each individual psyche man or woman and functions as a psychological and individual reality Featuring Emma Jung as the quintessential example of the Wise Old Woman spirit and enriched by dreams of the Wise Old Woman from around the world this book provides scholarly experiential and life affirming inspiration      *The Enemy is Within* Helen Eftimiades-Keith, 2021-10-01 Eftimiadis Keith addresses questions of the historicity of the book of Judith using a more subjective definition of truth than simple fact or fiction she interprets the text through Jungian methodology as a dream of the unconscious psyche of the Jewish people true in its reflection of their collective identity at the time of the text's composition The author merges Terrence Dawson's literary theory concerning the discernment of the effective protagonist of a narrative with Jungian's method of dream interpretation to analyze the text subjectively from the effective protagonist's point of view The author then extrapolates the book's contents onto a hypothetical historical situation to contextualize the book within the Jewish identity and uses her findings to conduct objective analysis      **Marlowe and Shakespeare** Robert Sawyer, 2017-08-22 Instead of asserting any alleged rivalry between Marlowe and Shakespeare Sawyer examines the literary reception of the two when the writers are placed in tandem during critical discourse or artistic production Focusing on

specific examples from the last 400 years the study begins with Robert Greene's comments in 1592 and ends with the post 9 11 and 7 7 era The study not only looks at literary critics and their assessments but also at playwrights such as Aphra Behn novelists such as Anthony Burgess and late twentieth century movie and theatre directors The work concludes by showing how the most recent outbreak of Marlowe as Shakespeare's ghostwriter accelerates due to a climate of conspiracy including belief echoes which presently permeate our cultural and critical discourse
