## **Artificiality Of Christianity:**

*The Artificiality of Christianity* M. B. Pranger, 2003 In *The Artificiality of Christianity* the author's primary goal is to distill from monastic literature a poetical tool that can be used to decipher the literary structure of religious texts a secondary goal is to show the centrality of monasticism to the specific experiences of Christian reading *The Matter of Voice* Karmen MacKendrick, 2016-05-02 Philosophers for millennia have tried to silence the physical musicality of voice in favor of the purity of ideas without matter souls without bodies Nevertheless voices resonate among bodies among texts and across denotation and sound they are singular as unique as fingerprints but irreducibly collective too They are material somatic and musical But voices are also meaningful they give body to concepts that cannot exist in abstractions essential to sense yet in excess of it They can be neither reduced to neurology nor silenced in abstraction They complicate the logos of the beginning and emphasize the enfleshing of all words Through explorations of theology and philosophy pedagogy translation and semiotics all interwoven with song *The Matter of Voice* works toward reintegrating our thinking about both speaking and authorial voice as fleshy combinings of meaning and music ***The Essence of Christianity*** William Adams Brown, 1902

CHRISTIANITY IS AN ARTIFICIAL RELIGION DEVELOPED IN THE LABORATORIES OF ROME Mammadov, Jabbar Manaf oglu, 2023-01-23 The book claims that Christianity was a project of Rome and was invented in its laboratories like Qumran Under the Achaemenids and even earlier in the entire Middle East up to India there lived Arameans half of whom professed Judaism or were to some extent influenced by the Bible In order to split their front and turn this force of theirs against themselves Rome organized secret centers for the study of the Hebrew Bible in different parts of the empire where the predictions of the former Jewish prophets were analyzed The remains of some of these centers are found today on the coast of the Dead Sea for example at Qumran Mossad etc In these laboratories think tanks the image of a new preacher teacher of righteousness named Jesus of Nazareth was fabricated Using the method of adjusting events and biography to the prophecies of the Hebrew prophets Roman political technologists came up with a biography demeanor and texts of sermons for this fictional character corresponding to the predictions After the harsh suppression of the Jews during the First Jewish War 66 77 Rome was in dire need of agents of influence in order to curb the aggression of the people and reconcile them with defeat It is at this stage that the image of the hitherto unknown Jesus enters the historical arena This fictional Jewish character called his people to humility patience calmness obedience to Rome He offered not to blame Rome for anything and to look for the roots of all troubles in himself and in the Jewish Bible Christian pacifism and Christian anti-Semitism All the power of the propaganda machine of Rome was connected to the promotion of his ideas in the Middle East It was at this time after the First Jewish War that the entire Middle East was enveloped in a boom of missionaries in the guise of prostitutes merchants merchants artisans travelers teachers mentors apostles philanthropists etc agents of influence propagating ideas this fictitious prophet As the ideas of Christianity spread a split and confrontation began to grow in the Jewish community

which the Roman administrative bodies tried to do Guided by its standard policy of Divide and Conquer Rome used these methods to oppose different layers of the Aramaean Jewish society weakened and very easily conquered the entire Middle East and the Black Sea region Before the final rooting of a new artificial religion Christianity in the Middle East and the Black Sea region Rome carefully camouflaged its participation in its formation so as not to extradite its agents abroad and not disclose their source of funding It is worth emphasizing that being a Muslim the author does not belong to the Jewish religion In this book he approaches the problem from a purely scientific point of view and does not pursue any religious or ethno political goal Sometimes the author s pronounced anti Roman inclination is connected with the cultural role of Rome in history due to which the entire pre Roman history culture science of the Middle East and Europe created over several thousand years was wiped off the face of the Earth The Foundations of the Christian Faith Charles Wesley Rishell,1899

Religion among People Kees W. Bolle,2017-10-23 At the deepest level religious traditions determine what goes on between one human being and another between one community and another and between human beings and whoever holds power over them Kees Bolle s original passionate scholarship veered away from things handed down and standard in our thought about religions In this his final book he explores how religious paradigms have given rise to particular structures of power and how religious myths compel particular human actions the possibility of interpretation the necessity for recognizing religious forms where they appear the relationship of secularization and sacredness And at every turn Bolle examines the notion that Western intellectuals are nonreligious He confronts the responsibility mere scholarship bears for events sometimes terrible events in the real world We move from David and Nathan to Antigone from Brahmanism and Buddhism to the familial struggle between Christianity and Islam The book concludes with Bolle s striking reflections on how modern man has become inherently religious in concurrence with modern manifestations of power Bolle is a fascinating figure He loved the immediacy of lessons found in Hasidic stories and his own thought may be said to approach the wholeness the immediacy of religion *Christianity and Social Life* Bruce,1885 Christianity and social life, lectures Christianity,1885 **Principles of Christianity** James Stuart,1888 **Christian Faith and Life** ,1903 The Influence of Greek Ideas on Christianity Edwin Hatch,1891 The Conflict of Christianity with Heathenism Gerhard Uhlhorn,1879

*A Handbook of Christian Ethics* John Clark Murray,1908 **The conflict of Christianity with heathenism, ed. and tr. by E.C. Smyth and C.J.H. Ropes** Johann Gerhard W.
